It is with much sadness that I'm giving my notice to end employment with ISD #1 effective December 18, 2025. This has been a very, very hard decision for me. I love working with the students and helping them succeed. I was very nervous working with Speech students this year but Aimee has been way more than awesome in helping me learn the ropes. Hopefully you get a replacement for me in time before I leave so I can train them in. If you need anything else from me please let me know.

Thanks again,
LuAnn K. Larson
