

Brownsville Independent School District

Agenda Category: General Function Board of Education Meeting: 08/15/2024

Item Title: Optional Flexible School Day Program (OFSPD) for 2024-2025 School Year X **Action Information Discussion**

BACKGROUND:

Texas Education Code, Section 29.0822, requires a Board of Trustees to approve participation of the district in the Optional Flexible School Day Program (OFSDP). Brownsville ISD is proposing to include the following students in this program with parental/guardian’s approval when:

- The student, as a result of attendance history from prior year maybe at risk of loss of credit or
- The student, as a result of attendance requirements under TEC, Section 25.092, will be denied credit for one or more classes in which the student has been enrolled or
- The student is at risk of dropping out of school, as defined by TEC, Section 29.081

Once the application is approved by the Texas Education Agency, it would allow a student attending OFSDP to be counted in attendance for purposes of funding under the TEC, Chapters 41, 42, and 46, for the actual number of contact hours the student attends, not to exceed 720 hours or 43,200 minutes per 12-month period.

FISCAL IMPLICATIONS:

NONE – To increase district ADA

RECOMMENDATION:

Recommend approval of the revised application to participate in the Optional Flexible School Day Program (OFSDP) for the 2024-2025 school year based on the district’s needs.

Definition of Program Provisions

Eligible Students

A student in any grade level is eligible to participate in an OFSDP authorized under the [TEC, §29.0822](#), if the student is:

- at risk of dropping out of school, as defined by the [TEC, §29.081](#),
- attending a campus implementing an approved innovative campus plan,
- attending a TEA-designated ECHS as defined by the [TEC, §29.908](#), P-TECH, or ICIA,
- attending a community-based dropout recovery education program, as defined by the [TEC, §29.081\(e-1\) or \(e-2\)](#), or
- not meeting attendance requirements under the [TEC, §25.092](#), resulting in denied credit for one or more classes in which the student has been enrolled.

AND

There must be an agreement in writing to the student's participation:

- by the student, if the student is over 18 years of age; or
- by the student and the student's parent or person standing in parental relation to the student, if the student is less than 18 years of age and not emancipated by marriage or court order.

Assessment

The student must take the required state assessments specified under the [TEC, §39.023](#), during the regularly scheduled assessment calendar.

Participation in University Interscholastic League (UIL)

A student enrolled in an OFSDP under the [TEC, §29.0822](#), may participate in a competition or other activity sanctioned or conducted under the authority of the University Interscholastic League (UIL) only if he or she meets all UIL eligibility criteria.

Attendance Credit

A student attending an OFSDP under the TEC, §29.0822, may be counted in average daily attendance (ADA) for purposes of funding under the TEC, Chapters 46, 48, and 49, only for the actual number of contact hours the student receives, not to exceed 720 hours or 43,200 minutes per 12-month period. **Students enrolled in the traditional program for part of the year and the OFSDP program for part of the year may not earn more than one ADA.**

Board Approval

The board of trustees of a school district must include the OFSDP as an item on a regular agenda for a board meeting. Board of trustees of a school district must discuss the progress of the program before approving the program and applying to operate an OFSDP (see Appendix Two).

Continuation or Revocation of Program Authorization

Applications are approved for a period of one (1) school year. Continuation of the approval for the OFSDP will be contingent on the demonstrated success of the program. Determination of success will include a review and analysis of data provided in the mandatory final progress report(s). The commissioner of education may revoke authorization for participation in the OFSDP after consideration of relevant factors, including performance of students participating in the program on assessment instruments required under the TEC, Chapter 39; the percentage of students participating in the program who graduate from high school; and other criteria agreed to in the application and adopted by the commissioner of education. A decision to revoke approval of the program by the commissioner of education is final and may not be appealed.

Reporting Requirements

Following approval of the application, the applicant may be required to submit progress reports based on criteria selected by the applicant and agreed to by the commissioner. When requested, reports will require applicants to disclose the overall progress of the students in the program, the number of students enrolled in the program (disaggregated by ethnicity, age, gender, and socioeconomic status), the number of students graduating from high school (disaggregated by ethnicity, age, gender, and socioeconomic status), and additional criteria selected by the applicant and agreed to by the commissioner. The TEA will provide notice to applicants and additional instructions for completion of reports at least 45 days before the date a report is due, or as soon as possible, in order to give school districts and charter schools adequate time to prepare and submit the reports to the TEA. The TEA may request additional reports as necessary to monitor and assess progress of students participating in the program.

1. Describe the program goals and objectives.

The implementation of OFSDP allows the Brownsville Independent School District to document attendance in an alternative manner so that state funding for students can be maximized as allowed under student attendance accounting procedures. This program allows flexible hours for students to complete credit recovery, student promotion, and early college high school during the day, night and/or Saturday classes which are offered throughout the year in-person. In summary, the OFSDP will allow the district to generate funding that will ensure the necessary and adequate resources for implementation of the above stated instructional, innovative interventions.

The district is continuing a flexible school day program for its 7 Early College High Schools and 2 Alternative Education Campuses, to better serve students struggling to meet the academic requirements for graduation and early college high school completion. The goal of this program will continue to focus on the acquisition of a high school diploma and successful transition to college or career of choice. The objective is to provide flexible scheduling that facilitates the acquisition of a high school diploma through credit recovery, STAAR, and End of Course (EOC) remediation.

In addition, BISD's 10 middle schools, and 31 elementary schools will be offering this program to assist students who have been identified as At-Risk as defined in TEC§29.081. The goal is to ensure that students are provided the opportunity to complete course instruction, academic achievement, assessment success, and promotion to the next grade level. The objective is to reduce the number of truancy and potential dropouts, to incorporate parental engagement and preventive interventions, and to instill a positive school climate.

The District Attendance Committee requires each campus to comply with the District Truancy Prevention Measures. Each campus is required to have a school attendance plan and committee. The Campus Attendance Committee will meet to review and monitor students who have shown a pattern of excessive absences.

2. Indicate the proposed schedule offered to students participating in the OFSDP, including day of the week and times.

7 Early College High Schools:

Proposed Schedule: Students will have a Monday through Friday schedule comprised of instructional hours during the regular school day (8:50 AM – 4:00 PM), afternoon sessions from 4:15 PM to 6:15 PM up to four times a week, Saturday sessions from 8:00 AM to 12:00 PM, or any combination of these sessions.

10 Middle Schools:

4. Describe the procedures for identifying students, including how the school confirms and documents student eligibility and obtaining student and parental consent for OFSDP participation.

Each Campus Attendance Committee will identify students using one of the following criteria –

- Student with a history of unsuccessful academic achievement at a traditional high school within our district and/or a student identified previously as a dropout from our school district.
- Student as a result of attendance history from prior year maybe at risk of loss of credit.
- Student is attending school with an approved early college high school program designation.
- At Risk Status as defined in TEC§29.081
- Participating/enrolled in an AEP campus for the current school year.
- Student must have a hardship situation such as employment, child care, Head of Household, medical, personal issues, or single parent
- Targeted ages 6-21 for 2024-2025 School Year.
- Participating/enrolled students that have at least 18 days of absences during the control period in a Six Weeks and be considered At-Risk and/or the campus attendance committee will recommend/approve.

Each Campus run six weeks reports of students that are at-risk of falling behind in credits, not meeting the 90% compulsory attendance, students who failed STAAR/EOC benchmarks/exams, and students who are potential dropouts are eligible for the OFSDP program. The middle and elementary students that have not obtained a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies, not meeting the 90% compulsory attendance, students who failed STAAR benchmarks/exams, and students who are potential dropouts are eligible for the OFSDP program.

A Parent/Student Enrollment Agreement for Flexible School Day membership must be completed prior to enrolling in the program. These parental acknowledgment / notification forms are kept in file in the District's database. The signed Parent/Student Agreements are filed in a binder and then kept in in the campus administrator's office in charge of OFSDP. The Parent/Student Agreement will be used for outlining each student's criteria for enrollment, proposed schedule of instruction, parental consent, and district testing calendar. In compliance with district policy and state statute, students that are 18 years and older are allowed to participate without parental consent. Each campus is responsible for maintaining each Parent/Student Agreement on file.

The Campus Attendance Committee along with the Principal will review progress reports, eligibility criteria, test scores, and teacher feedback every six weeks for participating students. Six Week Progress reports will continue to be created for Flexible Day students. A student's attendance program (OFSDP or regular) may not be changed in the middle of a 6-week reporting period.

All parent agreement forms and attendance rosters will be kept in the administrator's office or in an electronic data base at the participating campus.

5. Indicate the estimated number of OFSDP students that will be served per teacher.

Each teacher in kindergarten through 5th grade will serve a maximum of **22** students. In grades six through twelve, the teacher will serve a maximum of **25** students.

6. If the OFSDP program will offer special education, career and technology education, pregnancy related services or bilingual education, indicate how services will be provided, the teacher certification standards in each program area, and how services will comply with the Student Attendance Accounting Handbook.

Special education, career and technology education, pregnancy related services or bilingual education services will be provided to eligible students by certified teachers that have been reviewed as eligible to provide services by the district in order to ensure that these teachers deliver all of the special program requirements and as outlined in the Student Attendance Accounting Handbook.

Special education teachers who provide direct instruction in the core subject area to eligible students must meet all appropriate state special education certification requirements for the grade level that is being taught and as outlined in the Student Attendance Accounting Handbook.

Teachers who provide Career and Technology classes must be qualified/certified as per Texas Administrative Code Chapter 231, Subchapter E.

Pregnancy Related Services are support services offered by the district, which includes compensatory education home instruction that provides services for students during the prenatal and postpartum period so they may remain in school. This is a mandatory component (CEHI) which consists of a face-to-face instruction by a certified teacher of the school district.

If a student is receiving homebound instruction, they will not be enrolled in the OFSD Program.

The district has an early exit bilingual program. Students in PK-5th grade who are provided instruction in the regular classroom but who include bilingual eligible students must hold a certification in bilingual education or must be ESL certified. For grade levels 6-12, the students who are eligible for bilingual services must be taught by at least one ESL certified teacher.

For grades 9-12, the students will be served by an ESL or bilingual certified teachers in the content areas or by a teacher who currently holds an emergency certificate and is working towards the certification in ESL or bilingual. All ESL teachers are provided SIOP training.

7. **OFSDP requires a teacher of record to record the actual number of students' instructional minutes on any given day. Explain the following:**

- a. **How the classroom teacher will verify the number of minutes of instruction a student receives each day.**

The **teacher** who initially records an absence is responsible for the accuracy of the report and attests to the validity of the data with his or her signature-or, in the case of a paperless attendance accounting system, with his or her entry of those data using the teacher's logon with a distinct secret password. (SAAH, p. 33)

*During the regular instructional day, teachers will post Attendance in the Teacher Access Center attendance software that will track their attendance by tracking the number of minutes the student participates in class.

Extended day, evening, or Saturday instruction minutes will be tracked by teachers by inputting the student's school ID number as they come into the classroom and as they exit the classroom using the Attendance Roster/Minute Recovery attendance software. (This software is a customized in-district application created to transfer data into EschoolPlus). These rosters and logs will be required for audit purposes. During the 2024-2025 school year, the Minute Recovery attendance software will record, monitor, and update minutes automatically. As a contingency plan, the campus PEIMS Clerk will enter minutes into the Student Information System for each student logged on a weekly basis.

The Campus Attendance Committee will review the following to ensure the progress of students participating in the OFSDP:

- Report cards
- STAAR/EOC assessment results
- Promotions/Retentions
- Graduation rate
- Drop Out rate

- b. **How the district will make sure that minutes for students who did not attend a minimum of 45 minutes on a particular day are not reported for funding.**

Students who are not in attendance for at least 45 minutes on a particular day will be excluded from our bottom line reports for funding. Validation reports will be run to monitor and ensure our district is in compliance.

- c. **How the district will ensure that students transferring from the traditional program (ADA codes 0-6) to OFSDP (ADA Codes 7-8) will not generate more than one ADA in total for the school year and that students will not receive more than 10,800 minutes per course. It is recommended that the district apply the following formula to determine the maximum OFSDP minutes a student is eligible= (Calendar School Days – Readitional Days Present x 240).**

The school district has implemented data monitoring and validation checks to ensure that students will **not** be simultaneously enrolled in OFSDP and traditional programs. Guidelines are set in place to ensure that students are entered/exited on the first day of the six weeks. Students who participate in both the traditional and OFSDP have their attendance reported through either 42400 or OFSDP 42401 series records dependent upon their ADA code for that six weeks. Students transferring from the traditional program to OFSDP will not generate more than one ADA in total for the school year, and the students will not receive more than 10,800 minutes per course.

- d. **How the district will ensure that students are not coded in a traditional program on the same day that the student is accumulating OFSDP instructional minutes.**

When a student is coded with an ADA eligibility code that is not 7 (calendar) the student then can not earn OFSDP minutes at any time during the regular instructional or regular extended day program.

- e. **How the district will ensure that attendance practices and records comply with sections 2.2.3 and 11.6 of the Student Attendance Accounting Handbook.**

Our district uses a "paperless" attendance accounting system in compliance with the safeguards outlined in the SAAH. In addition, our district conducts attendance reviews (audits) for all our campuses to ensure that they are compliant with district attendance policies and the SAAH.

- f. **How Student Detail Audit reports for the OFSDP track will be reviewed and certified each six-week attendance-reporting period.**

Staff will be required to review and certify attendance reports for OFSDP students by six weeks reporting periods. Designated administrator will review the reports and submit them to our PEIMS personnel for an additional review and compliance.

8. **If eligible OFSDP students participate in a credit recovery program offered in the summer, funding is limited to only funding for the attendance necessary for the student to recover class credit. Please describe how attendance will be monitored to comply.**

Reports are run at the end of each six weeks to calculate the number of absences the students have accumulated which has in turn caused students loss of credit as per the 90% attendance rule requirement. The district offers a summer recovery program at the end of the school year for eligible students needing to regain course credit that was lost due to excessive absences. The district has a system in place to ensure that funding is limited to the

attendance necessary for the student to recover class credit. The district's TDP app will calculate the minutes for the students to regain credit. For example, if a student misses 22 days the student will need to recover 4 days to meet the 90% rule (240 minutes equals 1 instructional Day).

9. **If students are attending a community-based dropout recovery education program offered online as defined by TEC, §29.01 (e-1) or (e-2), must include the following:**

a-e. Does not apply to the district.

10. **If students are attending a dropout recovery program offered in a remote or hybrid setting, as defined by TEC, §29.081 (e-2):**

a-e. Does not apply to the district.
