Principal Lathen's Message.....

North Valley Community,

Spring is upon us and with it comes a freshness and excitement of new beginnings. This is evident in our students and staff as we prepare for our student led conferences (SLC) at the end of April. You probably have received multiple communications regarding this new conference format, and I hope you are excited and ready to meet with the school and your student to discuss their successes, struggles, and future aspirations. In addition to SLC's, the third quarter will be coming to a close very soon. Please check your student's progress and communicate with their teachers if you have any concerns.

Spring is a very busy time here at the school. Some items on the horizon that might be of interest are the following: academic masters competition, senior superstars, spring athletics, FBLA state competition, Skills USA competitions, and speech competitions to name a few. If you have the time, come by and watch our students as they perform in these exciting events.

Thank you for your continued support of your students at North Valley High School.
