Re: 2025 Special Services Residential Placement Contract Shrub Oak International School

CC: Board of Education

---

I am recommending that we continue to contract with Shrub Oak International School to provide residential services for a current student per the student's IEP. The student was approved placement in the residential facility last July and following the student's re-evaluation meeting 4/22/24, the IEP team upheld the current placement at Shrub Oak as the student's least restrictive environment (LRE). The student continues to display a need for residential services for educational purposes in relation to academic, functional, and independent living skill building. The attached contract covers March 1<sup>st</sup>, 2025, to February 23<sup>th</sup>, 2026.

The Administration recommends that the Board of Education approve the contract with Shrub Oak International School. If you have any questions, please contact me at your convenience.

Thank you,
