Portable Buildings IGMP
Project No. 1846.00

Dear Garry:

We received proposals Tuesday, March 19, 2019 for the construction of the decking, stairs, ramps, and railings necessary to provide access to the existing portables at Strickland Middle School and for the electrical service necessary to activate the portables. This scope of work is necessary to be constructed before the end of the school year to allow the staff to relocate and make way for areas of demolition which is scheduled to occur this summer.

The interim GMP in the amount of \$365,000 represents fair value for the scope of work and is recommended for approval.

Sincerely,

Leesa Vardeman, AIA
Principal
