BOARD REPORT NO. 5.1

PRESENTATIONS FROM THE FLOOR

This item on the Board of Education Agenda permits interested community members to address the Board as has been past practice.

The administration recommends that they be given an opportunity to deal with any presented problems, complaints or suggestions of an educational nature if they have not had the opportunity to do so.

The administration wishes the Board to recognize that they are most willing to discuss any school related matter with anyone desirous of such a meeting. We take “the open door” and “open telephone” policy very seriously and make ourselves readily available to all interested parties.

Also, if you encounter a parent or community members apart from the Board meeting with a question or concern, never hesitate to recommend that they give the Superintendent or one of his assistants a call. We will then consider it obligatory to get back to you with the outcome of the conversation and any action taken.
