

Cameron Elementary School
Principal's School Board Report
October 27, 2025

September 23 - Culvers Family Night - Culvers of Rice Lake sponsored a Cameron Elementary PTO Family Night. We raised over \$2000.00 for our PTO. Thank you to our Cameron community for always supporting our school.

September 8-26 - Teachers in grades K-4 used our district assessment tool, AimswebPlus, to test students and get a baseline for this year. One of the uses of this data is to help set our academic intervention groups. We are working to meet the requirements of Act 20. We now are also using it for our district math assessment. While going through data meetings, the number of students below the 25th percentile has decreased compared to the number last year.

October 9 - Cameron Elementary School evacuation drill.

October 9 - A joint meeting between the Cameron School District and the Barron County Department of Health and Human services. We discuss students and/or student families to see what kind of services they may need.

October 13-17 - Surge Nutrition donated some of their proceeds to the Cameron Elementary PTO during homecoming week. Thank you for your support of our school.

October 15 - During our district 4:30 staff meeting day, the elementary school worked on Restorative Practices. Thank you to our Restorative Practices pilot team. They lead the group work on that day.

October 23-24 - Northlakes Dental Clinic worked with specific students in grades K-4. During this visit students are having sealants provided.

October 23 - CESA 11 principal virtual meeting.
