**SUGGESTED SCHOOL BOARD ACTION:**

Review

**DESCRIPTION:**

First Day enrollment numbers have been gathered and compared with projections for 2025-26. All levels are currently above projections but we will wait and see how this turns out on October 1<sup>st</sup>.

Note: Shared-time students at BHS (PSEO, online, homeschool, etc.) are counted as 1.0 in the 1<sup>st</sup> Day numbers and will be re-calculated to their actual FTE (a decrease) for the October 1<sup>st</sup> official enrollment count.

Phoenix Learning Center has 35 total students as noted. Eight of these students are full-time PLC and 27 are shared-time with BHS. The shared-time students are included as BHS students in this report.

Bison Online has 106 students enrolled during the 1<sup>st</sup> trimester. These students are included in the BHS enrollment.
