BOARD OF EDUCATION
MEETING**

JUNE 15, 2026

VOLUME LXIII

FOR ACTION

SUBJECT: Technology Purchases 2026-2027

Background and Findings:

The 2026-27 budget year would include the purchase of projectors for Woodview Elementary School. The current projectors are five years old or older. The request is to replace the projectors with new projectors that use a laser instead of a bulb. This new projector style reduces bulb maintenance, lasts longer, and offers wireless capabilities.

Projectors Bids (per unit):

Data Image	\$906.00
Forte	\$906.00
Digital Age Tech.	\$906.00
Best Buy	\$969.00

Recommendation:

It is recommended that the Board approve the request to purchase 30 projectors for Woodview Elementary for a total cost of \$27,630.00 from Data Image through REMC pricing.
