RE: Certificate of Substantial Completion  
Tupelo High School Renovations  
JESCO, Inc.

---

For your review and consideration, I am submitting the Certificate of Substantial Completion for the Tupelo High School Renovations project with JESCO, Inc. The project was deemed substantially complete during walk throughs involving myself, the architect, and engineers. J Building was deemed substantially complete on July 8, 2010 and Buildings C and H occurred on July 14, 2010.

I will be glad to answer any questions you might have.
