SUBJECT: Proposed amendment to Special Education Transportation Policy 2360
(2nd Reading)

On June 9, 2021, Policy 2360 Special Education Transportation Policy amendments were presented to the Board for a 1st reading. The policy was approved and is now being presented for a 2nd reading. Since the June meeting, there has been no additional input concerning the proposed additions. It is recommended that the Board approve the Special Education Transportation amendments on a second reading.

The current policy has been in place for two years. The proposed amendment is to clarify for schools, parents and transportation eligibility considerations for students to receive transportation services as a related service as determined by the student's IEP team.

**Please refer to Policy 2360 document for proposed language.*
