2014-2015 District Improvement Plan

According to the Planning and Decision Making Process section of the Texas Education Code § 11.251, “the board of trustees of each independent school district shall ensure that a district improvement plan and improvement plans for each campus are developed, reviewed, and revised annually for the purpose of improving the performance of all students. The board shall annually approve district and campus performance objectives.” Accordingly, the 2014-2015 District Improvement Plan is submitted for your approval.

The 2014-2015 District Improvement Plan was thoroughly reviewed by the Curriculum Department and a District Improvement Plan committee. Through the input of these two groups in multiple sessions, revisions were made to the document. In addition, revisions were made based upon the action plans derived from the Pinnacle 2020 Strategic Planning Committee, Visioning Document, CISD Learning Framework and a CISD Comprehensive Needs Assessment.

On May 13, 2014, the District Improvement Plan was presented to the DEIC.

All state and federal mandates required to be documented in the District Improvement Plan and Campus Improvement Plans have been documented in Appendix A. All core content area initiatives have been documented in Appendix B. Campuses will attach Appendix A and B to their Campus Improvement Plan, thus creating a more uniformed process.

The 2014-2015 District Improvement Plan is submitted for your approval.
