

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: August 28, 2023

AGENDA ITEM: Consider Approval of Adoption of the 2023-2024 Fiscal Year Budget

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

- Per Section 44.002 of the Texas Education Code, "the Superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of the District for the following fiscal year."
- The budget must be prepared according to generally accepted accounting principles, rules adopted by the State Board of Education, and adopted policies of the Board of Trustees.
- Once the budget has been prepared, the Board of Trustees must call a meeting for the purpose of adopting a budget for the succeeding fiscal year. Budgets for the General Fund, the Child Nutrition Fund, and the Debt Service Fund must be included in the official district budget and must be adopted by August 31.
- The following summary of the proposed 2023-2024 budget is presented for your review and consideration.
- The proposed budget addresses the 2023-2024 budget priorities and provides for the items necessary to fund the District's instructional programs and operational costs for the 2023-2024 fiscal year.
- The proposed budget provides for a proposed tax rate of \$1.2075. This proposed tax rate is a decrease of \$0.1604 from the 2022-2023 tax rate of \$1.3679. The proposed M&O component of the tax rate decreases \$0.1854 from \$0.9429 to \$0.7575. The proposed I&S component of the tax rate increases \$0.025 from \$0.4250 to \$0.4500.

FISCAL INFORAMTION:

Adoption of the 2023-2024 Fiscal Year Budget

ATTACHMENTS:

Summary of the Proposed 2023-2024 Fiscal Year Budget

ADMINISTRATIVE RECOMMENDATION:

The Administration recommends the Board of Trustees approve and adopt the 2023-2024 fiscal year revenues and appropriations budgets for the General Fund, the Child Nutrition Fund, and the Debt Service Fund as presented.

2023-2024 Budget Priorities

The following budget priorities have been identified as the basis of the development of the District's 2023-2024 budget. As the Board of Trustees and Administration work through the budget development process in the coming months, these priorities may be adjusted or modified to meet identified needs of the District.

- Staffing at levels that meet student needs (using required student teacher ratios; services needed by students to address learning loss due to COVID-19 pandemic; services needed by students, such as special education, dyslexia, ESL, etc.)
- Staffing at levels that allows the District to function efficiently and effectively given functional workload and to address learning loss due to COVID-19 pandemic.
- Include a number of growth full-time equivalent positions to address District staffing needs.
- Maintain salaries and pay structures that are competitive in the market so we can attract and retain the best staff. This is especially critical for the 2023-2024 year due to the current employee hiring market and scarcity of teachers and auxiliary staff to fill positions.
- Include funding to allow students to be able to participate in enriching learning opportunities when they arise (based on past year's expenditures for student registration, travel, etc.)
- Include funding to purchase instructional materials and professional development that align with our instructional focus for the year.
- Include funding to purchase technology to implement the District's technology plan and for new classrooms attributable to student growth that is consistent with the standard in existing classrooms.
- Include funding for classroom instructional resources for new teaching positions attributable to student growth that is consistent with the standard in existing classrooms.
- Include funding to support the District's increased safety and security measures on campuses.
- Include funding to provide for the basic operations of the District, such as utilities, maintenance services, custodial services, grounds services, insurance, etc.
- Provide for the additional staffing and operational costs of opening new campuses.
- Take into consideration the makeup of the District's primarily residential property tax base.
- Account for the historical lows, and potential fundamental change, in student attendance rates as they significantly impact state funding revenues.
- Use conservative student growth projections in staffing and budgeting given the apparent housing slow down and lower than expected enrollment growth based on current student enrollment/registration.
- During the 2023 regular legislative session the Texas Legislature did not deliver on promised and expected increases in funding for teacher and staff compensation and safety, even with significant inflation and a \$30 billion surplus available at the state level. Therefore, the Administration will make operational budget cuts where possible, targeting campus and department discretionary operating budgets, but also adjusting operations to decrease costs and using attrition to make some staffing adjustments.
- Given the lack of additional funding from the state, consider those expenses for which federal ESSER grant funds have been used since the funding will no longer be available after the 2023-2024 budget year.
