

## BOARD OF TRUSTEES

Date: December 12, 2018 Prepared By: Eric Hough

Subject: Food Service Program Report

# Discussion and Information

### **BACKGROUND INFORMATION:**

Aubrey ISD Food Services Program received its routine audit. Aubrey ISD, led by Sherri Clement, had an excellent Administrative Review. The district had only one nonfiscal finding and the following commendations were provided by the auditor:

"The Child Nutrition Director was very well organized and material was readily available for review. The kitchen staff was very professional and demonstrated a commitment to meet the needs of the students. The kitchen area was very clean and the food quality and presentation was excellent. The Aubrey Middle School line was set up nicely and flowed well for students to make appropriate meal contribution selections. The staff worked in a smooth and efficient manner and took pride in providing the best food and nutrition service possible to all of the students of Aubrey ISD." -Troy Warden, School Operations, Administrative Review Specialist.

The Food Service Staff appeared in the *South Region Roudup* published by Aramark.
