**Section 4: ✓ Staff Development**

- This waiver allows the district to train staff on various educational strategies designed to improve student performance in lieu of a maximum of 2,100 minutes of student instruction. Each district may choose how to apply their approved Staff Development waiver minutes each year. Schools may choose to offer early release, late start, all day staff development or a combination. However, the total waiver minutes for staff development shall not exceed 2,100 minutes per year. On staff development days when students are in attendance part of the day, in order to receive full ADA funding, the district must provide at least 120 minutes of student instruction. In addition to the 120 minutes of student instruction, any staff development waiver minutes reported must reflect actual staff development minutes provided. Effective with the 2018-2019 school year, staff development waiver minutes may not be used prior to the first day of student instruction or after the last day of student instruction.
