<b>Total</b>	1.00		\$1,032.00	\$516.00	

SOURCES
---------

- A. As reported on Form P-223 as of 3/2026
- B. Estimated Nonhigh AAFTE [Report P-213, 7/2025]
- D. Payable 2026 Calendar Year Levy [Report F-780, 1/2026]

COMMENTS ON REPORT F-483H
---------------------------

This report is the school district's official notice of 2025-26 nonhigh billing calculated by this agency pursuant to RCW 28A.545.030 through 28A.545.110 and Chapter 392-132 WAC.

The 'Total School Year Payable Amount' (column H) is calculated by multiplying the lesser of either the nonhigh district or high district 'Levy per Resident AAFTE' rate (column E) and the 'Sending Nonhigh AAFTE' (column F). For nonhigh districts who do not have a payable levy for the school year, the high district 'Levy per Resident AAFTE' rate is used.

This is the maximum amount due from the nonhigh district for students enrolled during the 2025-26 school year. Nonhigh students for the 2025-26 school year were reported to this agency on Form SPI P-213.

The 'May Billable Amount' (column I) was calculated by this agency for the May payment as 50% of the estimated the "Total School Year Billable Amount' (column H) at that time. The 'November Billable Amount' (column J) will be calculated for the November payment after the current school year is over.

RCW 28A.545.090 permits any high school district board of directors to assess a lesser amount than the amount shown. Unless otherwise agreed to by the board of directors of the nonhigh school district, the 'Total School Year Billable Amount' (column H) is the maximum amount due to the high school district.

**Questions regarding this calculation can be directed to:** Becky McLean, School Apportionment and Financial Services, becky.mclean@k12.wa.us.
