Attachments:	Board Resolution for UT-RSOC, Interlocal Participation Agreement		
<input checked="" type="checkbox"/> Action Needed	<input type="checkbox"/> Future Action	<input type="checkbox"/> Presentation	<input type="checkbox"/> Report

Administrative Recommendation:

That the Board of Trustees hereby resolves to join the University of Texas Regional Security Operations Center (UT-RSOC), thereby becoming a member of the UT-RSOC, as submitted by Scot Hafley, Assistant Superintendent of Operations, and as recommended by Dr. Donny Lee, Superintendent of Schools.

Explanation:

By executing the Interlocal Agreement with the University of Texas Regional Security Operations Center (UT RSOC), the district will have the opportunity to improve the efficiency and effectiveness of protecting district infrastructure, staff, and student data by leveraging a state-backed, shared-services security model. Through participation, the district gains access to a broader range of enterprise-grade cybersecurity tools, proactive threat intelligence, and 24/7 monitoring services that are funded by the State of Texas. This collaborative approach supports the district’s goal of maintaining a safe, resilient, and uninterrupted digital learning environment while directly supporting and extending the capabilities of our local IT department.

The district will utilize this partnership to deploy advanced network monitoring, next-generation email phishing defense, and continuous vulnerability scanning. This comprehensive digital protection covers all registered students and employees of the district during their utilization of district-issued devices, campus networks, and cloud-based educational platforms. As a participant in this regional center, the district may utilize other specialized cybersecurity resources, tabletop training exercises, and emergency incident response assistance as available, reviewed, and selected—always in consideration of the best interest and safety of the district, and at no cost to the local maintenance and operations budget.
