

GOOD NEWS REPORT
ACEQUIA ELEMENTARY
SEPT. 18, 2017

What is Remind?

- Remind is a two-way communication tool for educators.
- Teachers and administrators can send group and individual messages to students, families, and colleagues without revealing personal contact info.
- Remind is distinct from a mass communication tool because it's used by everyone in a school, not just administrators.

School Plan Overview:

- Integration with PowerSchool to reach every student, parent, and teacher.
- More tools for teachers including phone calls and longer length texts.
- Data and reporting features.
- More oversight and control for admin.

Acequia Elementary Roll-out:

(Purchased the paid version in order to be able to do the following)

- PowerSchool has synced with our parents & teachers
- The teachers have started an 8 week course, called Remind Success. This will provide them with the tools they need to be successful in using remind.
- We will be in touch with ALL parents.
- A safe two-way communication tool with parents.
