MISSION

The mission of Duluth Head Start is to provide services for income eligible preschool children and their families. These services include opportunities to enhance social and cognitive skills, increase health and wellness and build upon family strengths. Working together, we strive to create a strong learning community in order to achieve success both in the classroom and beyond.

We offered preschool services in seven of Duluth's elementary schools, but have added Congdon Park as a site for the current year! Our state funded Head Start program offers home visiting services to families- including families experiencing homelessness. This includes 17 spots reserved for children from birth through age three. Many preschool age children whose families are experiencing homelessness under the McKinney-Vento Act are bussed to their home schools while their families are without housing.

FUNDING

FEDERAL HEAD START BUDGET

\$2,805,246

This number includes our base grant and additional COLA and QI funds that were awarded. This money funds personnel (\$2,336,804).

The remainder is spent on things that support staff to work district wide to support families- cell phones, taxi services for families, mileage reimbursement, and classroom supplies. Indirect costs to the district also come out of this budget. From this budget \$28,958 is earmarked for training and technical assistance for both staff and families. This money funds us to serve 190 children. Last year our numbers hovered around 180 because we had many classroom teams struggling with challenging behavior. Increasing staff capacity to manage difficult behaviors has to be balanced with maintaining safety in classrooms.

PATHWAYS II EARLY LEARNING SCHOLARSHIP AWARD

\$191,040

This money supports the classroom with additional paraprofessional assistance to reduce the class size and assist in serving food in the classrooms. We serve breakfast, lunch, and snacks in our full day classrooms. In our half day classrooms we serve either breakfast and lunch or lunch and snack. Serving meals in our rooms allows us the opportunity to both provide nutritious meals and nutrition education, support self-help skills, and language skills by engaging in discussions at the table.

STATE HEAD START BUDGET

\$559,085.92

These funds provide our program the opportunity to offer several unique ways to support families.

Families in Transition staff are supporting 18 children whose families are experiencing homelessness. Homelessness of families with very young children is on the rise in Duluth. We have 12 slots for Early Head Start (pregnant mothers to age 3) and 5 preschool slots. Many preschool aged children whose families are experiencing homelessness, are bussed to preschool classrooms that parents have identified as the schools they plan on attending for kindergarten under the McKinney Vento Act,

State funding also supports our Home Base option for 10 families who, for many reasons, cannot access our classrooms across the city. \$445,841 is dedicated to staff wages and fringe benefits, while the remainder is spent on things to support staff such as cell phones, taxi services, socializations, doctor appointments, classroom supplies, and mileage reimbursements.

AUDIT

The audit that was done for the 2021-2022 school year shows there were no audit findings for Head Start. A copy of the audit is available through our office. Follow the contact information at the end of this report. Each department is audited in a bi-annual basis, we expect Head Start to be audited during this years audit.

FEDERAL REVIEW

Our program underwent a Federal Review in May 2024.

Seven strong practices were identified, along with one area of non-compliance: 13 out of 166 children did not have an oral health determination (8%). We were unclear about what this actually was, but have since learned and created a procedure to better document who is not up to date on their dental check ups and actions taken to support becoming up to date.

STRONG PRACTICES IDENTIFIED

- Formalized systems that remove barriers for parents to participate in Policy Council
- Use ongoing program data to innovate in the classroom based needs of individual or subgroups of children
- Regularly offers families information or activities designed to support families' mental health and wellness
- Solicits and uses inputs from families to improve programming
- Provides economic mobility support to help families with pathways out of poverty
- Continuously evaluates the success of recruitment strategies and adjusts as appropriate
- Provides targeted support for children and families who are at risk of low attendance, including addressing individualized needs and community wide issues

CELEBRATING DIVERSITY

Duluth Preschool believes that ALL children should have strong bodies, strong minds, and strong families.

We are fortunate to serve a diverse population of children and families. Demographic makeup of our students for the 2023-24 school year was:

- 1% Asian**
- 3% Hispanic/ Latino**
- 12% American Indian**
- 15% Black**
- 40% White**
- 28 % Mixed Race**

Our program also had 10 Dual Language Learners.

COLLABORATION WITH THE YMCA

With our YMCA collaboration, 72 preschool children went to a six-week anti-drowning program at the Y called, “Safety Around Water.” 286 day passes were distributed to families.

GETTING CHILDREN SAFELY TO PRESCHOOL

119 children rode safely to school following the implementation of Safe Delivery of Preschool Children training for parents and bus drivers.

STRONG MINDS

Preparing Children for Kindergarten

Our assessment tool is the Desired Results Developmental Profile. It measures all domains of learning. Data is collected three times per year. The following graph shows how Head Start 4 year olds performed in the broad domains of Language, Literacy, Math, and Science

What Type of Delay?

Non-categorical Developmental Delay	73%
Emotional Disturbance	1%

As a fully inclusive program, we pay close attention to the achievement of students on IEPs, making sure their rate of growth is similar to all other student groups. The following graph illustrates student growth for Head Start 4 year olds with IEPs.

2023-2024 End of Year Data

We monitor the rate of growth for this population hoping to see similar rates of growth among all students

Program Wide we continue to see high numbers of Mental Health referrals.

We hosted a Focus Group with community partners to express our concerns over the limited capacity of our entire community to meet the needs we are seeing. We are looking for ways to find solutions for children and families who are clearly struggling.

Two teachers retired, one teacher transferred to another grade, and one teacher took a leave of absence last year. Challenging behavior contributed to some of these decisions.

With an eye on equity, we monitor all subgroups of children.

HOMELESSNESS

We served 27 children in our classrooms that were experiencing homelessness and 34 families (44 children) in our State Funded Families in Transition Program.

FOSTER CARE

We served 19 children in our classrooms who were in Foster Care.

ATTENDANCE

60% of Head Start students had high rates of absenteeism last year. Illness and transportation were some of the main reasons. This is double from last year. There were a number of significant viral infections last year that hit this age group hard including RSV and Influenza A.

BUSES

119 preschoolers rode the bus to and/or home from school.

FLOURISHING IN NATURE

UMD STUDY

Last year the Storer Foundation funded a study done by UMD to study the impact of nature based learning on receptive and expressive vocabulary to be done with our program. This is one of four studies UMD has conducted in our classrooms.

Flourishing in Nature

Does Vocabulary Grow in Nature? Using Nature-Based Practices to Support Strong Language Skills in all Children

Overview. Young children's language skills are a foundational competency that impacts their development across domains. Vocabulary is central to oral language development and critical to early literacy achievement, with cumulative and cascading effects on reading comprehension, domain-specific knowledge, and school success. Preschools provide a rich language learning environment for children and are one of the many contexts where young children learn language. This study explored the effect of nature-based practices on the receptive vocabulary development of preschoolers. Given the relationship between vocabulary development and SES documented in the literature, the potential for nature-based practices to support vocabulary growth for children of lower socioeconomic backgrounds was also explored. The Peabody Picture Vocabulary Test was administered to 134 children from 11 full-day preschool classes at the beginning and end of the 2022-2023 school year.

Comparison of Vocabulary Score Growth by Approach
*Scores shown are for children of lower SES in public preschool, when controlling for age and gender

Approach	Public Preschool	Private Preschool
Less Nature Approach	~68	~70
Blended Approach	~70	~82

Results. Incorporating nature-based practices into preschool was effective, with effectiveness varying by preschool type (public v. private) and SES. Public preschools that used a blended approach (some incorporation of nature-based practices) were particularly effective for children of lower SES, with vocabulary growth significantly beyond expected developmental gains. Results also suggest the effectiveness of a nature approach (fully incorporating nature-based practices), particularly in private preschool settings.

Conclusion. This study suggests benefits of nature-based practices can extend beyond private nature preschools and occur within a publicly-funded school district and in urban settings. Public programs that had some incorporation of nature-based practices (blended programs) were particularly effective in supporting receptive vocabulary growth in children from lower SES backgrounds. While more research is needed, findings are encouraging amidst policy and practice efforts to support strong language skills as a foundation for learning for all children and among concerns regarding nature play's potential to prepare children for school.

PARENT FAMILY AND COMMUNITY ENGAGEMENT

POLICY COUNCIL

Our Parent Policy Council met in person for most months. Exceptions were made when winter weather was difficult or childcare staff were unavailable. For those meetings we were able to meet virtually.

Policy Council had 1 active father, along with 5 active mothers. We reached a quorum every month. We were able to send 3 Policy Council parents to the National Head Start Association's Conference in Portland, OR in April.

PARENT FAMILY COMMUNITY ENGAGEMENT

96% of families completed Strength and Challenge Surveys.

82 families entered into a goal setting relationship with their family advocate.

Some of the goals families took steps toward were:

Adult Education	Managing Big Emotions	Addressing Grief
Self-Care	Establishing Routines	Employment
Getting Organized	Community Involvement	Stable Housing
Healthy Eating	Sibling Relationships	Co-Parenting

An Inside Look

Duluth Preschool STARTED with HEAD START in 1965!!

34

President Lyndon B Johnson, declared War on Poverty in his 1965 State of the Union Speech and a team of experts from Yale and Harvard set to work developing a preschool program that would help communities meet the needs of disadvantaged preschool children.

Fun Fact #1: The original Head Start program in Duluth was an 8 week summer program at Lincoln Park Elementary School.

Fun Fact #2: We are the only Head Start program in MN where a school district is the grant recipient.

Comprehensive services set Head Start apart

Health: We make sure families have health insurance, a medical and dental home, and access mental health resources.

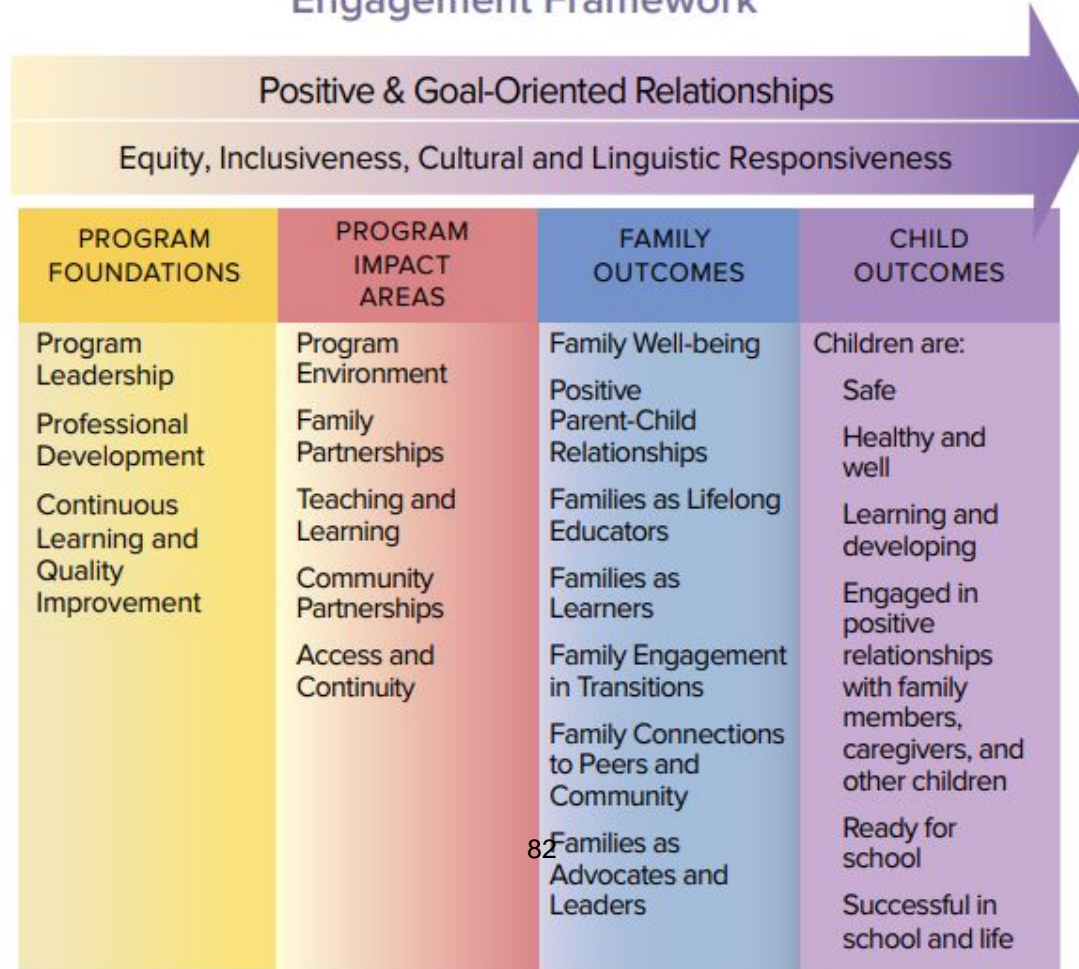

Social Services: programs and services that improve the well being of individuals, families, and communities

531 THE PLEDGE OF ALLEGIANCE

I. PURPOSE

The school board recognizes the need to display an appropriate United States flag and to provide instruction to students in the proper etiquette, display, and respect of the flag. The purpose of this policy is to provide for recitation of the Pledge of Allegiance and instruction in school to help further that end.

II. GENERAL STATEMENT OF POLICY

Students in this school district shall recite the Pledge of Allegiance to the flag of the United States of America one or more times each week. The recitation shall be conducted:

- A. By each individual classroom teacher or the teacher's surrogate; or

Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so. Students and school personnel must respect another person's right to make that choice.

IV. INSTRUCTION

419R SMUDGING AND PIPE CEREMONIES

Statement of Support

Duluth Public Schools is committed to diversity, inclusion, and creating an open and respectful climate for all. The District recognizes plants such as tobacco, kinikinik, sage, sweet grass, and cedar as traditional American Indian medicines and essential elements of purification and sacred ceremony.

(MN Statute 144.4167) It shall not be a violation of policy for an American Indian adult to light tobacco in a public school as part of a traditional Indian spiritual or cultural ceremony, or to carry loose tobacco in a tobacco pouch intended for spiritual or cultural ceremonial support.

It shall not be a violation for an American Indian student to carry loose tobacco in a tobacco pouch intended for spiritual or cultural ceremonial support with the permission of the student's parent or guardian and with written or verbal notice to the site administrator or principal.

Purpose

- This regulation allows for students, staff, elders, and cultural teachers who are members of an American Indian Tribe* to conduct individual or group traditional practices including but not limited to: Opening/Closing prayers, Individual or Group Smudging, Feasts, Pipe Ceremonies, Pow Wows, and Drumming/Singing.
- The defined procedures provide direction to the Duluth Public Schools' community for engagement in these traditions respectfully.

Smudging and Pipe Ceremonies Procedure

- Duluth Public Schools is committed to creating an inclusive, open, and respectful climate for our diverse community members and guests.
- There are many types or forms of ceremony: individual, as part of engagement with Indigenous pedagogies in a classroom; and for community engagement.
- Regulation includes the use of tobacco, sage, sweet grass or cedar.
- It is assumed that very small quantities are used for individual offices, workstations, and indoor classrooms

Notification requirements

Individual offices or workstations

An American Indian member of the community may conduct smudging in an individual office of work space without prior approval provided he/she:

- Has Office and Work Space pre-approved through the Facilities Department.
- Works in an enclosed space.
- Posts a notice on the door(s) of offices 24 hours in advance.
- Make sure doors are closed.

- Notifies occupants of neighboring offices and classrooms.
- Ask neighbors if they have allergies.

Classroom Spaces

An American Indian teacher, staff member, member of the community, or other cultural/religious groups who plans to conduct smudging or pipe ceremony in a classroom or meeting room shall:

- Ensure the room is reserved through building during the school day, (exemption for classroom teachers that are assigned to that classroom).
- Inform participants/meeting attendees of the intention to use tobacco, sage, sweet grass, and or cedar in the space.
- Post notices on the door(s).
- Make sure the door(s) is (are) closed.
- Provide notice to neighboring classrooms and other spaces.
- Provide the Building Administrators, Building Engineers, and Manager of Facilities with Five (5) business days' notice.
- Consider scheduling set days and times for this practice.

Pre-approved Event Spaces

To conduct smudging or pipe ceremonies at community events on school property, the event sponsors shall:

- Ensure the room is reserved through the Community Education office.
- Inform participants/meeting attendees of the intention to use tobacco, sage, sweet grass, and or cedar in the space.
- Specify in the event advertising and publicity that the event will include the intention to use tobacco, sage, sweet grass, cedar, or other natural plants.
- The event coordinator will notify the building administrator and building engineer via email/phone at least 24 hours in advance of the event, including the room number and time

Responsibilities of the Building Administrators, Engineers, and Manager of Facilities

- Evaluate the fire and ventilation systems in the requested space.
- Inform relevant staff
- In either case, students/staff who claim physical sensitivities to smoke or scent will be allowed to make alternate arrangements with the teacher for class participation or changes to office/space assignments.

Other Considerations

- Facilities will work with the organizers to ensure alarm issues will not disrupt the event; however, it is possible that some building occupants may smell the smoke or odor from the lighted tobacco, sage, sweet grass, cedar, and other natural plants.
- If there is an alarm during a ceremony people should treat it as an actual fire alarm and take appropriate action.
- Maintenance will clear the issue as soon as possible.

- The event manager will take accountability for the people attending and be responsible for making the decision to wait to return to the building or allow participants to leave and cancel the remainder of the event.
- Maintenance will be responsible for calling the event manager with updates.

HR Department Updates:

The HR team remains committed to recruitment efforts. Our final mini hiring fair in Cloquet concluded on September 26th, and we will continue our presence at monthly CareerForce hiring events in Duluth through January.

On Wednesday, September 25th, HR staff members attended the Law Arbitration Conference in Minneapolis to learn about the latest developments in labor law and labor arbitration. The conference included a panel discussion featuring experienced labor arbitrators.

HR staff have been conducting site visits to provide employees with support and address their HR-related inquiries. Additionally, we are diligently processing a significant volume of lane changes (175-200) for teachers and certified staff, with the goal of completing this process by the end of October.

Benefits Updates:

The 2024-25 new hire enrollment period has concluded. To streamline the process and reduce paperwork, we implemented a Google Classroom for Benefits Orientation. This platform provides comprehensive information on all available benefits, as well as resources on topics such as FMLA, workers' compensation, required physician documentation, retirement plans, medical leaves, and the employee assistance program.

The transition to digital enrollment forms for Laserfiche has been successful, and the new process has been well-received. To further support new hires, we hosted a benefits information session at DSC. Furthermore, we have reinstated site visits to schools, offering open forums for staff to discuss retirement planning, benefits, and other HR-related topics. We have already visited several schools and have eight more visits scheduled in the coming weeks. Preparations are underway for Fall Open Enrollment, which will commence in early November.

**NOTE about 2024 summer meals- Lowell was under construction and not available for having a meal site. The counts reflect that, as we fed 100 children daily there in Keyzone.

Summer Meal Program Audit

The 3 day USDA summer meal program audit was completed on 7/31, 8/1 & 8/2. Findings of that audit were minimal and an opportunity for program mentorship from the auditor was appreciated. The auditor was complimentary of our meal program and impressed with the vast array of fresh produce we are able to offer children.

Informing Parents about the Changes in Child Nutrition Computer Offerings

Child Nutrition sent out postcards to all families in the school district to inform them that lunch is again free for all students and also the importance of filling out the application for educational benefits. Child Nutrition no longer uses PAYPAMS for the online application or payment option. Both of those tasks can now be done in the parent portal of Infinite Campus.

- CDW-G/CTI Team was onsite on September 18-20, and re-programmed the Boardroom AV system. The only outstanding issue is to replace the three Chromecast Boardroom devices with AIRTAME devices. Chromecast devices support Digital Rights Management (DRM) that prevents us from displaying/showing any content during a YouTube Livestream.
- The Bluum AV Team will be back in the district to visit ~300 classrooms in the coming weeks to verify the previous Bluum AV Team used the proper speaker wire connectors. Recently we

have identified several classrooms that did not have the proper speaker wire connectors installed.

- ARK/Involta Data Center move is scheduled to start at 6:00 pm on Thursday, October 17, 2024. Since this is MEA weekend we do not anticipate any interruption for staff since all IT services will be operating by 6:00 am Monday, October 21.

Transportation Report September 2024 Activities

15

The ISD #709 Transportation department manages both a district owned fleet of vehicles and district employees, including bus drivers, monitors, and mechanics, along with the coordination of contracted transportation services through Voyageur Bus Company.

We have continued working on routing students. This is an ongoing effort as students' needs change. We are also working through the behavioral issues on buses with students. We have pulled a lot of video footage to share with the schools so they can address the concerns. Drivers have provided numerous misconduct reports already this year.

Staffing (comments and concerns)

- We are making due with the staff we have but still need more drivers and helpers.
- We have interviewed a helper and two drivers the helper is due to start mid-October and the drivers are in the background check stage.

Bus Maintenance

- The mechanics are maintaining the buses when they are not out covering for sick drivers.

Our oldest bus is a model year 2012 and the next oldest is a 2014. Average mileage for this month is 85631. Our goal is to have 50-60k miles average.

As set forth in JCI's proposal, Customer shall pay JCI an advance payment which shall be credited against the final payment (but not any progress payment) due hereunder. Unless otherwise agreed to by the parties, payment is due to JCI upon Customer's receipt of JCI's invoice. Such payment is a condition precedent to JCI's obligation to perform any work under this Agreement. Invoices shall be paid by Customer via electronic delivery via EFT/ACH. If JCI consents to payment by credit card in lieu of EFT/ACH, JCI may charge additional fees. Invoicing disputes must be identified by Customer in writing within 21 days of the date of the invoice. Payment of any disputed amounts are due and payable upon resolution of such dispute. Customer acknowledges and agrees that timely payments of the full amounts listed on invoices is an essential term of this Agreement and Customer's failure to make payment in full when due is a material breach of this Agreement. Customer further acknowledges that if there is any amount outstanding on an invoice; it is material to JCI and will give JCI, without prejudice to any other right or remedy, the right to, without notice: (i) suspend, discontinue or terminate performing any services and/or withhold further deliveries of equipment and other materials, terminate or suspend any unpaid software licenses, and/or suspend JCI's obligations under or terminate this Agreement; and (ii) charge Customer interest on the amounts unpaid at a rate equal to the lesser of one and one half (1.5) percent per month or the maximum rate

permitted under applicable law, until payment is made in full. JCI's election to continue providing future services does not, in any way diminish JCI's right to terminate or suspend services or exercise any or all rights or remedies under this Agreement. JCI shall not be liable for any damages, claims, expenses, or liabilities arising from or relating to suspension of services for non-payment. In the event that there are exigent circumstances requiring services or the JCI otherwise performs services at the premises following suspension, those services shall be governed by the terms of this Agreement unless a separate contract is executed. If Customer disputes any late payment notice or JCI's efforts to collect payment, Customer shall immediately notify JCI in writing and explain the basis of the dispute. Customer will pay all of JCI's reasonable collection costs (including legal fees and expenses). In the event of Customer's default, the balance of any outstanding amounts will be immediately due and payable. Lien waivers will be furnished upon request, as the work progresses, to the extent payments are received.

3. MATERIALS. If the materials or equipment included in this proposal become temporarily or permanently unavailable for reasons beyond the control and without the fault of JCI, then in the case of such temporary unavailability, the time for performance of the work shall be extended to the extent thereof, and in the case of permanent unavailability, JCI shall (a) be excused from furnishing said materials or equipment, and (b) be reimbursed for the difference between the cost of the materials or equipment permanently unavailable and the cost of a reasonably available substitute therefore.

4. EQUIPMENT WARRANTY. JCI warrants that equipment manufactured or labeled by JCI shall be free from defects in material and workmanship arising from normal usage for a period of one year. No warranty is provided for third-party products and equipment installed or furnished by JCI. Such products and equipment are provided with the third party manufacturer's warranty to the extent available, and JCI will transfer the benefits, together with all limitations, of that manufacturer's warranty to Customer. All transportation charges incurred in connection with the warranty for equipment and/or materials not installed by JCI shall be borne by Customer. These warranties shall not extend to any equipment that has been abused, altered, misused or repaired by Customer or third parties without the supervision of and prior written approval of JCI, or if JCI serial numbers or warranty date decals have been removed or altered. Customer must promptly report any failure of the equipment to JCI in writing. Unless agreed to in writing by the parties, any technical support, assistance, or advice ("Technical Support") provided by JCI, such as suggestions as to design use and suitability of the equipment and products for the Customer's application, is provided in good faith, but Customer acknowledges and agrees that JCI is not the designer, engineer, or installer of record. Any Technical Support is provided for informational purposes only and shall not be construed as a representation or warranty, express or implied, concerning the proper selection, use, and/or application of the equipment and products. Customer assumes exclusive responsibility for determining if the equipment and products supplied by JCI are suitable for its intended application and all risk and liability, whether based in contract, tort or otherwise, in connection with its application and use of the equipment and products.

5. LIMITED WARRANTY. JCI warrants its workmanship or that of its agents (Technicians) in relation to installation of equipment for a period of ninety (90) days from date of installation. Customer shall bear all labor costs associated with replacement of failed equipment still under JCI's equipment warranty or the original manufacturer's warranty, but outside the terms of this express labor warranty. All warranty labor shall be executed on normal business days during JCI normal business hours. These warranties do not extend to any equipment which has been repaired by others, abused, altered, or misused in any way, or which has not been properly and reasonably maintained. THESE WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THOSE OF MERCHANTABILITY AND FITNESS FOR A SPECIFIC PURPOSE. UNDER NO CIRCUMSTANCES SHALL JCI BE LIABLE FOR ANY SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES ARISING FROM OR RELATING TO ANY DEFECT IN MATERIAL OR WORKMANSHIP OF

EQUIPMENT OR THE PERFORMANCE OF SERVICES. JCI makes no and specifically disclaims all representations or warranties that the services, products, software or third party product or software will be secure from cyber threats, hacking or other similar malicious activity, or will detect the presence of, or eliminate, treat, or mitigate the spread, transmission, or outbreak of any pathogen, disease, virus or other contagion, including but not limited to COVID 19.

6. LIABILITY. To the maximum extent permitted by law, in no event shall JCI and its affiliates and their respective personnel, suppliers and vendors ("JCI Parties") be liable to you or any third party under any cause of action or theory of liability even if advised of the possibility of such damages, for any: (a) special, incidental, consequential, punitive, or indirect damages; (b) lost profits, revenues, data, customer opportunities, business, anticipated savings, or goodwill; (c) business interruption; or (d) data loss or other losses arising from viruses, ransomware, cyber-attacks or failures or interruptions to network systems. In any case, the entire aggregate liability of the JCI Parties under this proposal for all damages, losses, and causes of action (whether in contract, tort (including negligence), or otherwise) shall be limited to the amounts payable to JCI hereunder.

7. FAR. JCI supplies "commercial items" within the meaning of the Federal Acquisition Regulations (FAR), 48 CFR Parts 1-53. As to any customer order for a U.S. Government contract, JCI will comply only with those mandatory flow-downs for commercial item and commercial services subcontracts listed either at FAR 52.244-6, or 52.212-5(e)(1), as applicable.

8. TAXES. The price of this proposal does not include duties, sales, use, excise, or other taxes, unless required by federal, state, or local law. Customer shall pay, in addition to the stated price, all taxes not legally required to be paid by JCI or, alternatively, shall provide JCI with acceptable tax exemption certificates. JCI shall provide Customer with any tax payment certificate upon request and after completion and acceptance of the work.

9. DELAYS. JCI shall not be liable for any delay in the performance of the work resulting from or attributed to acts of circumstance beyond JCI's control, including but not limited to; acts of God, fire, riots, labor disputes, conditions of the premises, acts or omissions of the Customer, Owner, or other Contractors or delays caused by suppliers or subcontractors of JCI, etc.

10. COMPLIANCE WITH LAWS. JCI shall comply with all applicable federal, state, and local laws and regulations, and shall obtain all temporary licenses and permits required for the prosecution of the work. Licenses and permits a permanent nature shall be procured and paid for by the Customer.

11. PRICING. JCI may increase prices upon notice to the Customer to reflect increases in material and labor costs. Prices for products covered by this Agreement may be adjusted by JCI, upon notice to Customer at any time prior to shipment and regardless of Customer's acceptance of JCI's proposal or quotation, to reflect any increase in JCI's cost of raw materials (e.g., steel, aluminum) inability to secure Products, changes or increases in law, labor, taxes, duties, tariffs or quotas, acts of government, any similar charges, or to cover any extra, unforeseen and unusual cost elements. This Agreement is entered into with the understanding that the services to be provided by JCI are not subject to any local, state, or federal prevailing wage statute. If it is later determined that local, state, or federal prevailing wage rates apply to the services to be provided by JCI, JCI reserves the right to issue a modification or change order to adjust the wage rates to the required prevailing wage rate. Customer agrees to pay for the applicable prevailing wage rates.

12. DISPUTES. JCI shall have the sole and exclusive right to determine whether any dispute, controversy or claim arising out of or relating to the Agreement, or the breach thereof, shall be submitted to a court of law or arbitrated. For Customers located in the United States, the laws of Delaware shall govern the validity, enforceability, and interpretation of this Agreement, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Milwaukee, Wisconsin. For Customers located in Canada, the laws of Ontario shall govern the validity, enforceability, and interpretation of this Agreement, without regard to conflicts of law principles thereof, and the exclusive venue for any such litigation or arbitration shall be in Ontario, Canada. The parties waive any objection to the exclusive jurisdiction of the specified forums, including any objection based on forum non conveniens. In the event the matter is submitted to a court, JCI and Customer hereby agree to waive their right to trial by jury. In the event the matter is submitted to arbitration by JCI, the costs of arbitration shall be borne equally by the parties, and the arbitrator's award may be confirmed and reduced to judgment in any court of competent jurisdiction. If JCI prevails in any collection action. Buyer will pay all of JCI's reasonable collection costs (including legal fees and expenses). Except as provided below, no claim or

cause of action, whether known or unknown, shall be brought by either party against the other more than one year after the claim first arose. Claims not subject to the one-year limitation include claims for unpaid: (1) contract amounts, (2) change order amounts (approved or requested) and (3) delays and/or work inefficiencies.

34

13. INSURANCE. Insurance coverage in excess of JCI's standard limits will be furnished when requested and required. No credit will be given or premium paid by JCI for insurance afforded by others.

14. INDEMNITY. The Parties hereto agree to indemnify each other from any and all liabilities, claims, expenses, losses or damages, including attorney's fees which may arise in connection with the execution of the work herein specified and which are caused, by the negligent act or omission of the indemnifying Party.

15. CUSTOMER RESPONSIBILITIES. Customer is solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network") and shall supply JCI secure Network access for providing its services. Products networked, connected to the internet, or otherwise connected to computers or other devices must be appropriately protected by Customer and/or end user against unauthorized access. Customer is responsible to take appropriate measures, including performing back-ups, to protect information, including without limit data, software, or files (collectively "Data") prior to receiving the service or products.

16. FORCE MAJUERE: JCI shall not be liable, nor in breach or default of its obligations under this Agreement, for delays, interruption, failure to render services, or any other failure by JCI to perform an obligation under this Agreement, where such delay, interruption or failure is caused, in whole or in part, directly or indirectly, by a Force Majeure Event. A "Force Majeure Event" is a condition or event that is beyond the reasonable control of JCI, whether foreseeable or unforeseeable, including, without limitation, acts of God, severe weather (including but not limited to hurricanes, tornados, severe snowstorms or severe rainstorms), wildfires, floods, earthquakes, seismic disturbances, or other natural disasters, acts or omissions of any governmental authority (including change of any applicable law or regulation), epidemics, pandemics, disease, viruses, quarantines, or any other public health risks and/or responses thereto, condemnation, strikes, lock-outs, labor disputes, an increase of 5% or more in tariffs or other excise taxes for materials to be used on the project, fires, explosions or other casualties, thefts, vandalism, civil disturbances, insurrection, mob violence, riots, war or other armed conflict (or the serious threat of same), acts of terrorism, electrical power outages, interruptions or degradations in telecommunications, computer, network, or electronic communications systems, data breach, cyber-attacks, ransomware, unavailability or shortage of parts, materials, supplies, or transportation, or any other cause or casualty beyond the reasonable control of JCI. If JCI's performance of the work is delayed, impacted, or prevented by a Force Majeure Event or its continued effects, JCI shall be excused from performance under the Agreement. Without limiting the generality of the foregoing, if JCI is delayed in achieving one or more of the scheduled milestones set forth in the Agreement due to a Force Majeure Event, JCI will be entitled to extend the relevant completion date by the amount of time that JCI was delayed as a result of the Force Majeure Event, plus such additional time as may be reasonably necessary to overcome the effect of the delay. To the extent that the Force Majeure Event directly or indirectly increases JCI's cost to perform the services, Customer is obligated to reimburse JCI for such increased costs, including, without limitation, costs incurred by JCI for additional labor, inventory storage, expedited shipping fees, trailer and equipment rental fees, subcontractor fees, compliance with vaccination requirements or other costs and expenses incurred by JCI in connection with the Force Majeure Event.

17. SAFETY, HEALTH AND HAZARDOUS MATERIALS. The Parties hereto agree to notify each other immediately upon becoming aware of an inspection under, or any alleged violation of the, Occupational Safety and Health Act relating in any way to the project or project site. ACM /Hazardous Materials: Customer shall supply JCI with any information in its possession relating to the presence of asbestos-containing materials ("ACM") or hazardous materials at any of its facilities where JCI's undertakes any Work or Services that may result in the disturbance of ACM or hazardous materials. JCI shall not be responsible for abatement and/or removal and disposal of hazardous materials or ACM. If either Customer or JCI becomes aware of or suspects the presence of ACM or hazardous materials that may be disturbed by JCI's Work or Services, JCI shall immediately stop all work until such ACM or hazardous or unsafe condition is rectified by Owner and Owner so notifies JCI in writing that work can safely be resumed, based on test conducted by a licensed testing organization. Timetables for delivery of JCI's products or services and the contract price shall be adjusted appropriately for any associated delay.

18. ONE-YEAR CLAIMS LIMITATION. No claim or cause of action, whether known or unknown, shall be brought against JCI more than one year after the claim first arose. Except as provided for herein, JCI's claims must also be brought within one year. Claims for unpaid contract amounts are not subject to the one-year limitation.

19. DIGITAL ENABLED SERVICES.; DATA. If JCI provides Digital Enabled Services under this Agreement, these Digital Enabled Services require the collection, transfer and ingestion of building, equipment, system time series, and other data to JCI's cloud-hosted software applications. Customer consents to and grants JCI right to collect, ingest and use such data to enable JCI and its affiliates and agents to provide, maintain, protect, develop and improve the Digital Enabled Services and JCI products and services. Customer acknowledges that, while Digital Enabled Services generally improve equipment performance and services, Digital Enabled Services do not prevent all potential malfunction, insure against all loss, or guarantee a certain level of performance. Customer shall be solely responsible for the establishment, operation, maintenance, access, security and other aspects of its computer network ("Network"), shall appropriately protect hardware and products connected to the Network and will supply JCI secure Network access for providing its Digital Enabled Services. As used herein, "Digital Enabled Services" mean services provided hereunder that employ JCI software and related equipment installed at Customer facilities and JCI cloud-hosted software offerings and tools to improve, develop, and enable such services. 20. JCI DIGITAL SOLUTIONS. Use, implementation, and deployment of the software and hosted software products ("Software") offered under these terms shall be subject to, and governed by, JCI's standard terms for such Software and Software related professional services in effect from time to time at www.johnsoncontrols.com/techterms (collectively, the "Software Terms"). Specifically, the JCI General EULA set forth at www.johnsoncontrols.com/buildings/legal/digital/general_eula governs access to and use of software installed on Customer's premises or systems and the JCI Terms of Service set forth at www.johnsoncontrols.com/buildings/legal/digital/general_tos govern access to and use of hosted software products. The applicable Software Terms are incorporated herein by this reference. Other than the right to use the Software as set forth in the Software Terms, JCI and its licensors reserve all right, title, and interest (including all intellectual property rights) in and to the Software and improvements to the Software. The Software that is licensed hereunder is licensed subject to the Software Terms and not sold. If there is a conflict between the other terms herein and the Software Terms, the Software Terms shall take precedence and govern with respect to rights and responsibilities relating to the Software, its implementation and deployment and any improvements thereto. Notwithstanding any other provisions of this Agreement, unless otherwise agreed, the following terms apply to Software that is provided to Customer on a subscription basis (i.e., a time limited license or use right), (each a "Software Subscription"): Each Software Subscription provided hereunder will commence on the date the initial credentials for the Software are made available (the "Subscription Start Date") and will continue in effect until the expiration of the subscription term noted in the applicable statement of work, order or other applicable ordering document. At the expiration of the Software Subscription, such Software Subscription will automatically renew for consecutive one (1) year terms (each a "Renewal Subscription Term"), unless either party provides the other party with a notice of non-renewal at least ninety (90) days prior to the expiration of the then-current term. To the extent permitted by applicable law, Software Subscriptions purchases are non-cancelable, and the sums paid nonrefundable. Fees for Software Subscriptions shall be paid annually in advance, invoiced on the Subscription Start Date and each subsequent anniversary thereof. Customer shall pay all invoiced amounts within thirty calendar days after the date of invoice. Payments not made within such time period shall be subject to late charges as set forth in the Software Terms. Unless otherwise agreed by the parties in writing, the subscription

fee for each Renewal Subscription Term will be priced at JCI's then-applicable list price for that Software offering. Any use of Software that exceeds the scope, metrics or volume set forth in this Agreement and applicable SOW will be subject to additional fees based on the date such excess use began.

Customer acknowledges JCI's Privacy Notice and strictly to the extent consent is mandatorily required under applicable law, Customer consents to such collection, processing and transfer. To the extent consent to such collection, processing and transfer by JCI is mandatorily required from Customer's personnel under applicable law, Customer warrants and represents that it has obtained such consent.

22. ASSIGNMENT. This Agreement is not assignable by the Customer except upon written consent of JCI first being obtained. JCI shall have the right to assign this Agreement, in whole or in part, or to subcontract any of its obligations under this Agreement without notice to Customer.

23. TERMINATION. If JCI's performance of its obligations becomes impracticable due to obsolescence or unavailability of systems, equipment, or products (including component parts and/or materials) or because the JCI or its supplier(s) has discontinued the manufacture or the sale of the equipment and/or products or is no longer in the business of providing the services, JCI may terminate this Agreement, or the affected portions, at its sole discretion upon notice to Customer. JCI may terminate this Agreement, or the affected portions, at its sole discretion upon notice to the Customer if JCI's performance of its obligations are prohibited because of changes in applicable laws, regulations or codes.

Customer acknowledges and agrees that any purchase order issued by Customer in connection with this Agreement is intended only to establish payment authority for Customer's internal accounting purposes and shall not be considered to be a counteroffer, amendment, modification, or other revision to the terms of this Agreement. No term or condition included or referenced in Customer's purchase order will have any force or effect and these terms and conditions shall control. Customer's acceptance of any Services shall constitute an acceptance of these terms and conditions. Any proposal for additional or different terms, whether in Customer's purchase order or any other document, unless expressly accepted in writing by JCI, is hereby objected to and rejected.

25. CHANGES. No change or modification of any of the terms and conditions stated herein shall be binding upon JCI unless accepted by JCI in writing.

ENTERPRISE AND PUBLIC VIDEOPHONE REGISTRATION

In May 2019, the Federal Communications Commission (FCC) passed a rule that requires the registration of all enterprise and public videophones and devices. Sorenson hopes the information below helps you understand this new requirement.

What do enterprise and public phone customers need to do now?

Registration will require very little from Sorenson customers. We already have most of the required registration information. We will primarily need our customers' assistance in identifying the "responsible individual" at each organization, business, or agency who is responsible for the account.

What does it mean to be the "responsible individual"?

The FCC requires that all VRS providers obtain two signed agreements from their enterprise and public phone customers. The "responsible individual" must sign these agreements. The first agreement states that the responsible individual will provide consent for the VRS provider to submit information about the customer's endpoints to the TRS Administrator. The type of information VRS providers must submit is described below. The second agreement is a certification from the responsible individual stating that the organization, business, or agency will ensure that only individuals with a hearing or speech disability will use the videophone for VRS. Hearing users who know sign language can still use endpoints for non-VRS "point-to-point" calls.

What must a company do to ensure that only individuals with a hearing or speech disability use the videophone for Video Relay Service?

The organization, business, or agency must make "reasonable efforts" to ensure only people with a hearing or speech disability are permitted to use the videophone for VRS. There are no prescribed steps that must be taken, and reasonable efforts may vary by entity, potential users, and locations of videophones. The FCC indicates, however, that reasonable efforts could include maintaining a copy of the user's request, maintaining a list of users, and requiring individuals to provide proof of their registration for VRS when requesting to use a videophone.

When do VRS providers need to start registering enterprise and public videophones?

VRS providers will be notified when the TRS Administrator is ready to accept registrations. Providers will then have a 120-day period within which to submit the required registration information. To ensure the timely registration of our customers, Sorenson representatives will proactively contact our enterprise and public phone customers to verify the "responsible individual" from each organization.

What is an "enterprise videophone" versus a "public videophone"?

The FCC defines "enterprise videophones" and "public videophones" differently. An "enterprise videophone" is a videophone maintained by a business, organization, or government agency that is used by employees or other individuals in private or restricted areas. For example, this could be a videophone used at a reception desk or in a private office. A "public videophone" is a videophone maintained by a business, organization, or government agency that is available for use by the public in a public space. For example, this could be a videophone in an airport, library, or hospital lobby.

What registration information will Sorenson submit to the TRS Administrator?

The FCC rule requires all VRS providers submit the following registration information:

1. Name of the VRS provider
2. Videophone's phone number
3. Name and physical address of organization/business where the videophone is located
4. Emergency 911 address, if different than the organization's physical address
5. The date Sorenson initiated service to the videophone
6. The name, title, and contact information of the individual associated with the organization, business, or agency who is responsible for the videophone ("responsible individual")
7. Signed certification from the responsible individual stating the person understands the function of the videophone and understands the cost of VRS calls is financed by the federally-regulated Interstate TRS Fund. The certification also states the responsible individual will make reasonable efforts to ensure only people with a hearing or speech disability are permitted to use the phone for VRS.
8. Whether the phone is assigned to a hearing individual who knows sign language
9. For enterprise phones only, the specific type of location where the videophone is placed within the business, organization, or agency - for example, a reception desk, common work area, or private office
10. Consent from the responsible individual permitting Sorenson to provide the above information to the TRS Administrator

What information does Sorenson need from customers?

In the near term, a Sorenson representative will reach out to customers to obtain and verify the contact information for the responsible individual who will sign the certification (No. 7 above) and the consent (No. 10 above). For videophones and devices that constitute "enterprise videophones," Sorenson will also need to obtain information regarding the "location type" of each videophone. We will provide additional guidance in the future about how we will collect that information.

What will happen if an enterprise customer does not sign the required agreements?

Only enterprise and public phones that are registered will be set up to use VRS. Because this is a rule required by the FCC, if the business, organization, or agency does not sign the required agreements or provide the required information, all videophones and devices (and their associated ten-digit numbers) will be disabled.

ENTERPRISE AND PUBLIC VIDEOPHONE URD CONSENT
