# Demographics & Performance Information

## Nevada Report Card

In compliance with federal and state law, Nevada’s K-12 Accountability Portal provides detailed information about each school’s student and staff demographics and school performance rating, a star-rating system based on the Nevada School Performance Framework (NSPF). You can find our School Rating Report at:

# Comprehensive Needs Assessment

## Student Success

### Student Success Areas of Strength

Math scores are an overall strength and continue to show significant growth. Our highest strand in iReady math is measurement and data while our lowest is geometry.

### Student Success Areas for Growth

Our reading scores have not increased as we hoped. Our highest strand on iReady is high frequency words followed by phonics. Our overall lowest strand is informational text followed by overall comprehension.

### Student Success Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Language barriers could inhibit learning	Continue to support through EL services
Foster/Homeless	Students basic needs may not be met	Provide SEL teaching/lessons, counseling, food services and transportation
Free and Reduced Lunch	Students basic needs may not be met	Provide SEL teaching/lessons, counseling, food services and transportation
Migrant/Title1-C Eligible	Students basic needs may not be met	Provide SEL teaching/lessons, counseling, food services and transportation
Racial/Ethnic Minorities	May not have access to cultural equity in school	Be aware of cultural differences to be able to support minorities and be fully inclusive in teaching
Students with IEPs	More and more students continue to qualify for services with the same amount of resources available to all	Do as much as we can to meet students needs and help fill student gaps

### **Problem Statements Identifying Student Success Needs**

**Problem Statement 1 (Prioritized):** Even with daily reading interventions students did not grow as expected on their MAPs and iReady assessments.

**Critical Root Cause:** Teachers struggle to find an appropriate intervention to meet their students needs. Students were overtested all year and did not apply themselves to the end of year tests. Students are not reading independently.

# Adult Learning Culture

## Adult Learning Culture Areas of Strength

Teachers want to be able to meet their students needs and help them learn and grow.

## Adult Learning Culture Areas for Growth

100% of teachers need to use the curriculum with fidelity. Teachers need to be open and willing to try new strategies in their classrooms.

## Adult Learning Culture Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Language barriers could inhibit learning	Continue to support through EL services
Foster/Homeless	Students basic needs may not be met	Provide SEL teaching/lessons, counseling, food services and transportation
Free and Reduced Lunch	Students basic needs may not be met	Provide SEL teaching/lessons, counseling, food services and transportation

Students with IEPs	More and more students continue to qualify for services with the same amount of resources available to all	Do as much as we can to meet students needs and help fill student gaps

## Problem Statements Identifying Adult Learning Culture Needs

**Problem Statement 1 (Prioritized):** Teachers do not effectively track intervention data and/or know how to analyze the data to drive instruction.

**Critical Root Cause:** Lack of knowledge and time. There has not been a consistent assessment to track data and analyze growth or lack of.

# Connectedness

## Connectedness Areas of Strength

The Climate Survey showed large growth in the EL students perception of school and the school's overall social emotional competence increased.

Our 23-24 school year chronic absenteeism rate was 20.7. Although official numbers have not been released yet it appears as though we have decreased this number to 18.4%

## Connectedness Areas for Growth

Students with chronic absenteeism did not increase their attendance even with interventions.

## Connectedness Equity Resource Supports

Student Group	Challenge	Solution
English Learners	Language barriers could inhibit learning	Continue to support through EL services
Foster/Homeless	Students basic needs may not be met	Provide SEL teaching/lessons, counseling, food services and transportation

### **Problem Statements Identifying Connectedness Needs**

**Problem Statement 1 (Prioritized):** The students who need to be at school most are usually the ones who have a high absenteeism rate.

**Critical Root Cause:** Some families do not see the importance of being at school regularly.

# Priority Problem Statements

**Problem Statement 1:** Even with daily reading interventions students did not grow as expected on their MAPs and iReady assessments.

**Critical Root Cause 1:** Teachers struggle to find an appropriate intervention to meet their students needs. Students were overtested all year and did not apply themselves to the end of year tests. Students are not reading independently.

**Problem Statement 1 Areas:** Student Success

**Problem Statement 2:** Teachers do not effectively track intervention data and/or know how to analyze the data to drive instruction.

**Critical Root Cause 2:** Lack of knowledge and time. There has not been a consistent assessment to track data and analyze growth or lack of.

**Problem Statement 2 Areas:** Adult Learning Culture

**Problem Statement 3:** The students who need to be at school most are usually the ones who have a high absenteeism rate.

**Critical Root Cause 3:** Some families do not see the importance of being at school regularly.

**Problem Statement 3 Areas:** Connectedness

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## **Student Success**

- MAP Growth Assessment
- MyPath
- Smarter Balanced (SBAC)

## **Adult Learning Culture**

- Administrator evaluation
- Evaluation(s) of professional development implementation and impact
- Lesson Plans
- Master schedule
- Professional learning communities (PLC) data/agenda/notes
- Teacher evaluation

## **Connectedness**

- Attendance
- Behavior
- Community surveys and/or other feedback
- PBIS/MTSS data
- Perception/survey data
- Social Emotional Learning Data

# Inquiry Areas

## Inquiry Area 1: Student Success

**SMART Goal 1:** At least 50% of students will meet or exceed their personal typical growth in reading from the Fall of 2025 to the Spring of 2026 on their iReady diagnostics.

**Formative Measures:** iReady weekly mypath reports, iReady diagnostics

**Aligns with District Goal**
