Good Morning,

For our February 2023 board meeting, I would like to propose an agenda item regarding Goal 4 of the strategic plan to update the goal from reading:

Explore and implement creative solutions to increase staff retention.

To reading:

Explore an infinite creative solutions to increase staff retention and recruitment.

Adding recruitment to goal 4 would align with the direction of the districts strategic plan and was discussed at the strategic planning meetings previously. I've attached the original documents provided by Tiffany outlining the discussions regarding recruitment.

Thank you,
Trish
