
Emergency Plan and Preparation **

The district will maintain a comprehensive safety program for all employees and students. This program will include a plan for responding to emergency situations. The district will consult with community and county agencies while developing this plan. The district's emergency plan will meet any requirements of the State Board of Education.

Parents or guardians will be informed of the district's plan for the care of students during an emergency situation. The board may conduct an executive session under ORS 192.660(2)(k) to consider the emergency plan or other matters related to school safety.

In each district facility, procedures for handling health emergencies will be established and made known to staff. Each district facility and district vehicle will be equipped with appropriate first-aid supplies and equipment. All employees are expected to know where first-aid supplies and equipment are kept in their work areas. Each school in the district shall have staff consistent with state law who maintain current first-aid/CPR/AED certification and are trained annually on the district and building emergency plans. Emergency planning will include the presence of staff with first-aid/CPR/AED certification at school-sponsored activities where students are present.

The district shall provide instruction to staff and students in the emergency plan and safety program.
