Re: Renewal of Probationary Teachers

Date: May 8, 2018

Discussion: This is the time of year when the Administration makes recommendations for the renewal of employment contracts for probationary (non-tenured) teachers. Probationary teachers are employed on one-year contracts for their first four years of full-time employment with a school district. Following four consecutive years of full-time employment, probationary teachers earn tenure in a school district and are considered to be on continued contractual service. The probationary teachers listed below have been evaluated, and, based on their performance, have been recommended for re-employment by the Administration.
