Subject: Question
To: Corrina Guardipee-Hall <corrinag@bps.k12.mt.us>

The CHR nurses asked about making condoms available in the school due to our area having the highest incidents of STD's in the state. Is there a policy that covers this?

Carlene Adamson <carlenea@bps.k12.mt.us>

Tony,

Is there a law or any ruling on handing out condoms at Browning Schools? See question that was posed to our high school principal from the local CHR's. We do not have policy on this. Thanks-Carlene

Carlene:

There really are no laws or rules governing this sort of thing. I would definitely advise that the question be put to the Board though. It doesn't really need to be in policy, but the Board should grant permission, or not, as the Board thinks is best.
