Data and Assessment

FastBridge

- Grades K-8 universal reading and math screeners
- Grades 9-10 as needed for reading intervention or support
- Paused - Pilot of behavior screener

eduCLIMBER

In the first year of our eduCLIMBER implementation, we focused on training school leaders and interventionists in the use of the platform. In year two, we plan to expand its use to include all teachers. eduCLIMBER is a data warehouse and visualization tool that supports data-based decision making and MTSS implementation, including identifying student needs and evaluating intervention effectiveness.
