

Glenns Ferry Tournament

The baseball and softball teams are going to a tournament in Glenns Ferry Idaho. While we are there we will be able to play four baseball and four softball games. Due to the fact that the tournaments are running concurrently we will be able to share one bus to this event, which should help with cost. Speaking of cost at first blush, this may seem expensive but, the opportunity to play eight games while taking one major bus trip we will actually be able to have a more cost effective trip for the kids.

For an example of this I will use an example road games to our games to a local school that is considered "close" Firth High School.

Cost of a roundtrip Bus to Shelley HS: \$875.00 Cost for 4 games @ Shelley: \$3500 8 games: \$7000.00

Cost of a bus trip to Glenns Ferry: \$2500

The cost of the bus is not the only cost that we will have due to the fact that we will have two nights of hotel charges so those should be factored in.

Cost of a Hotel (liberal): \$100 per night. Each team will need 4 total rooms. Total cost: \$1600.

The overall cost will be approximately \$4100. Which is actually less than the cost of 5 games at Shelley and we will be getting 8 games as a school.
