To: The Board of Education and Dr. Patrick Broncato, Superintendent
From: Curt Saindon, Assistant Superintendent for Business Services/CSBO
Date: September 19, 2025
Subject: Ratification and Confirmation of Publication and Legal Notice Regarding Approval of FY2025-2026 Tentative Budget and Setting of Public Hearing

The Board of Education approved the Tentative Budget for FY 2025-2026 at the July 21, 2025, Regular Board Meeting. At that time, the Board directed the Administration to make this tentative budget available for public inspection during regular operating hours in the Business Office, should anyone wish to inspect this document, and to post said document on our website for the public to view. No one has come into our office to personally inspect this budget during the past two months. Additionally, the Board set September 22nd at approximately 8:00 PM in the District Administrative Center Board Room as the time and place for the required Public Hearing on the Budget, and they directed the Administration to publish a notice in a newspaper of general circulation, notifying the public of the tentative budget's availability and of this public hearing. A notice was placed in The Naperville Sun on July 27, 2025 (see attached).

Various miscellaneous changes to the tentative budget have been made during the past two months. They will be summarized as part of the final budget presentation being made immediately after the public hearing on the budget. Once all public comments have been received and all updated information has been presented to the Board regarding this final budget, it is the hope of the Administration that the Board will approve this final budget and direct the Administration to file said budget, along with all related Certifications, Resolutions and other budget documents, as required by law, with the appropriate Local, State and Federal authorities.

RECOMMENDATION

It is the recommendation of the Administration that the Board to approve the attached Resolution Ratifying and Confirming Publication of the Legal Notice and Setting of the Budget Hearing, as required by law, and affirm that the tentative budget was properly approved 30 days or more in advance of the budget hearing and final budget approval, that proper notice of said budget's availability and of said public hearing was placed in a newspaper of general circulation and posted on the School District web site at least 30 days prior to the budget hearing and approval.
