The following policy is being presented to the School Board for deletion:

- Policy #452 – Wellness Pilot Program

Brief Description:

This policy was approved in February, 2012 and allowed the district to participate in a program with Resource Training and Solutions and Blue Cross Blue Shield. The program included a monetary incentive for taking an on-line health assessment and a biometric screening to assess potential health risks that individuals may encounter. Memorandums of Understanding were approved by the various employee groups at that time.
