Dr. Tina Moore	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	I support the charter conversion application from Newport High School to expand specialized learning opportunities based upon student interests and post-secondary plans. While much of the application speaks to innovative programs that are currently possible through existing DESE and CTE structures, additional waivers are indeed needed to provide additional learning opportunities to students. I recommend that NHS leadership work closely with DCTE

Dr. Matthew Sutherlin	<input checked="" type="checkbox"/> For <input type="checkbox"/> Against <input type="checkbox"/> Abstain	I support the Academies at Newport district conversion charter and its multitiered approach to providing students pathways to graduation, certifications, and concurrent credit. I look forward to hearing about your successes.
