

# Board of Education Information

**To:** Board of Education  
**From:** Matt Rich  
**Date:** January 21, 2026  
**Re:** Approve Athletic and Activity Buses

---

## **Recommendation:**

It is the recommendation of the Superintendent to approve the use of buses for away extracurricular transportation for athletics and activities.

## **Background Information:**

Many organizations provide transportation for their student participants to activities and athletic events at other schools and institutions after school. Over the years, we have seen a rise in difficulty for parents to consistently provide this transportation, thus limiting students ability to participate in these programs. We have discussed for several board meetings how to address this need, developing protocols for transportation and communication between families and coaches regarding who will not be transported home by the bus after the activity. It is our belief that we are ready to begin providing this service for the Girls Basketball season and will then be able to make adjustments based on our experiences.
