Subject: Request to address Board

Superintendent Solis:

This letter is to request that I be permitted to address the board on Tuesday, February 17, 2009. The purpose will be to present the results of TSTA's recent statewide survey of voters concerning education issues. This survey is one that TSTA has been doing every year but one over the past six years. My last presentation to the board about this was, I believe in 2006. A Powerpoint presentation will be included and I would appreciate it if 10 minutes could be allotted for this presentation.

Sincerely,

Chuck Isner, President
Ector County TSTA/NEA
