Fun to Share

Grease...WOW, outstanding performances, attendance. Beyond the desire to celebrate our students and staff that have spend countless hours preparing to put on a great show by giving them a platform in front of their peers, we took advantage of the educational aspects of Grease as well. All UHS students, before and after the showing on March 1st, spent time in small-group discussion and reflection regarding the following topics:

- Respectful relationships
- Bullying and teasing
- Safe behaviors, boundaries
- Attitude towards education, money, values

Looking Ahead: *Nice to Know*
