

BP 3541.5 Alternative Transportation Arrangements

Note: The ~~School Board~~ following option is intended to address the unique transportation needs of some students.

The Superintendent or designee may ~~reimburse~~ create reimbursement agreements with parents/guardians in lieu of district transportation ~~whenever such practice~~ when it is more economical to do so.

Note: State regulation previously provided that if student travel time exceeds two hours per day, parent/guardian permission is required or the parent/guardian may select other reasonable and available educational or transportation alternatives. That regulation has been repealed. Districts may retain a two hour standard, select a different standard, or remove a maximum ride standard altogether. 4 AAC 27.032 provides the following limitations on in-lieu-of agreements: 1) unless the child is a special education student, the student's residence must be more than a mile and a half from both the nearest regular bus route and the student's attendance center; 2) the per-mile rate may not exceed the maximum reimbursement rate paid to district employees; and 3) reimbursement must be based on the actual miles traveled, not the number of students transported.

The Superintendent or designee will obtain the parent/guardian's acknowledgement to confirm alternative transportation/education arrangements when a student's designated travel time exceeds two hours per day.
