Greetings from HHS!

We have started our second semester here at HHS. Final grades for the first semester are being evaluated and finalized this week. The first week back is always a busy week in getting classes situated and reviewing students academic plans to ensure they are meeting all their graduation requirements. Our front office ladies have been great as always in working with students and helping get them into the classes they need to be in. We also appreciate the positive culture that our staff as a whole help to create during this time period as those final schedule changes are made.

This month we are focusing on our PBIS theme of Respect once again as we enter the second semester. We will be kicking off our Second Semester theme at the same time as recognizing the Winter sports/clubs on Monday January 9th!

We are looking forward to a great second semester here at HHS!

Matt Holtry
