Supporting Documentation:

In 2017, the Texas Legislature approved Chapter 12A of the Texas Education Code to allow public school districts to exempt themselves from certain portions of the Texas Education Code in favor of local practices to allow for local control and flexibility and to adjust their practices in the same manner allowed of charter school districts, who also receive state funding. Frisco ISD became a DOI in 2018, renewed the DOI Plan in 2022, and the current plan is set to expire in 2027. Prior to the DOI's expiration, Frisco ISD needs to establish a DOI Committee, review and potentially amend it's existing DOI Plan, and then present that updated draft DOI Plan to the

public for 30 days prior to a vote on that DOI Plan by the Board of Trustees. To ensure this process is completed thoroughly and timely, Administration asks for approval to select a DOI Committee from the existing DAC and to begin the renewal process with that DOI Committee, one formed.

Recommendation:

We recommend a motion to "I move to approve and adopt the Resolution for Initiation of the District of Innovation Plan Renewal Process for Anticipated Renewal of the District of Innovation Plan for 2027
