Bristol Public Schools
Office of Teaching & Learning

Department	Library Media
Department Philosophy	The school library media programs of Bristol Public Schools facilitate opportunities for students and faculty to become lifelong learners who thrive in complex learning environments. Through instructional strategies designed to infuse inquiry and technology as tools for learning, students will develop skills to interpret and develop new understandings, seek diverse perspectives, create new knowledge, and grow as ethical, digital citizens. Through equitable access to reading and information resources, the library media programs promote lifelong reading in a safe environment conducive to learning.
Grade Level	**8**
Department Goals	- Design and facilitate authentic learning opportunities aligned to curriculum standards emphasizing multiple literacies (including digital, visual, textual, and technological) as crucial skills in a global society - Provide equitable physical and virtual access to resources and contemporary tools required to facilitate lifelong learning - Design and facilitate learning experiences that model critical thinking, critical consumption of information, and creation of knowledge in a collaborative environment - Act as leaders, instructional partners and information specialists to engage and empower faculty to meet the diverse needs of students (diversity of experiences, opinions, social and cultural perspectives) - Promote professional learning of faculty to implement an evolving school culture of information access, use, evaluation, and social interaction - Facilitate growth and transformation of the library media program to provide rigorous and relevant access for all users as an innovative center of learning - Model and facilitate ethical use of information in a global society
Standards utilized to develop and implement this curriculum	- International Society for Technology in Education (ISTE) - CT Core Standards (CCSS) - American Association of School Librarians (AASL)

District Learning Expectations and Standards	UNIT 1 DIGITAL CITIZENSHIP	UNIT 2 INQUIRY (RESEARCH)	UNIT 3 GROWTH (CURIOSITY AND DISCOVERY)	UNIT 4 SHOW (PRESENTATION OF INFORMATION)
CT Core Standards				
RI 8.2 Determine a central idea of a text and analyze its development over the course of the text, **including its relationship to supporting ideas;** provide an objective summary of the text.		P		P
W 8.6 Use technology, including the Internet, to produce and publish writing and **present the relationships between information and ideas efficiently** as well as to interact and collaborate with others.				P
W 8.7 Conduct short research projects to answer a question **(including a self-generated question),** drawing on several sources and generating additional related, focused questions **that allow for multiple avenues of exploration.**		P	P	
W 8.8 Gather relevant information from multiple print and digital sources, using search terms effectively; assess the credibility and accuracy of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and following a standard format for citation.	P	P		
W 8.9 Draw evidence from informational texts to support analysis, reflection, and research.		P		
SL 8.2		P		P

Analyze **the purpose of information** presented in diverse media and formats (e.g., visually, quantitatively, orally) and **evaluate the motives (e.g., social, commercial, political) behind its presentation.**

Inquire Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems.				
Build new knowledge by inquiring, thinking critically, identifying problems, and developing strategies for solving problems. I.A.1-2 Think Learners display curiosity and initiative by: 1. Formulating questions about a personal interest or a curricular topic. 2. Recalling prior and background knowledge as context for new meaning. *ISTE* *3. Knowledge Constructor* *3a. Students plan and employ effective research strategies to locate information and other resources for their intellectual or create pursuits.* *3b. Students evaluate the accuracy, perspective, credibility and relevance of information, media, data or other resources.* *3c. Students curate information from digital resources using a variety of tools and methods to create collections of artifacts that demonstrate meaningful connections or conclusions*		P	P	
I.B.1 Create Learners engage with new knowledge by following a process that includes:		P		

1. Using evidence to investigate questions. *ISTE* *4. Innovative Designer* *4a. Students select and use digital tools to plan and manage a design process that considers design constraints and calculated risks.*				
I.B.3 Create Learners engage with new knowledge by following a process that includes: 3. Generating products that illustrate learning. *ISTE* *4. Innovative Designer* *4a. Students select and use digital tools to plan and manage a design process that considers design constraints and calculated risks.*				P
I.C.2-3 Share Learners adapt, communicate and exchange learning products with others in a cycle that includes: 2. Providing constructive feedback 3. Acting on feedback to improve *ISTE* *1. Empowered Learner* *1c. Students use technology to seek feedback that informs and improves their practice and to demonstrate their learning in a variety of ways.*			S	
I.D.1-4 Grow Learners participate in an ongoing inquiry-based process by: 1. Continually seeking knowledge. 2. Engaging in sustained inquiry. 3. Enacting new understanding through real-world connections.			P	

4. Using reflection to guide informed decisions. *ISTE* *3. Knowledge Constructor* *3d. Students build knowledge by actively exploring real-world issues and problems, developing ideas and theories and pursuing answers and solutions.*				
Include Demonstrate an understanding of and commitment to inclusiveness and respect for diversity in the learning community.				
II.A.2 Think Learners contribute a balanced perspective when participating in a learning community by: 2. Adopting a discerning stance toward points of view and opinions expressed in information resources and learning products. *ISTE* *N/A*			P	
Collaborate Work effectively with others to broaden perspectives and work toward common goals				
III.B.1 Create Learners participate in personal, social, and intellectual networks by: 1. Using a variety of communication tools and resources. *ISTE* *6. Creative Communicator* *6a. Students chose the appropriate platforms and tools for meeting the desired objectives of their creation or communication.* *7. Global Collaborator* *7b. Students use collaborative technologies to*	P			P

work with others, including peers, experts or community members, to examine issues and problems from multiple viewpoints.				

CURATE

Make meaning for oneself and others by collecting, organizing, and sharing resources of personal relevance.

IV.A.1-3 Think Learners act on an information need by: 1. Determining the need to gather information. 2. Identifying possible sources of information. 3. Making critical choices about information sources to use. *ISTE* *3. Knowledge Constructor* *3c. Students curate information from digital resources using a variety of tools and methods to create collections of artifacts that demonstrate meaningful connections or conclusions.*		P		
IV.B.1-4 Create Learners gather information appropriate to the task by: 1. Seeking a variety of sources. 2. Collecting information representing diverse perspectives. 3. Systematically questioning and assessing the validity and accuracy of information. 4. Organizing information by priority, topic, or other systematic scheme. *ISTE* *6. Creative Communicator* *6a. Students choose the appropriate platforms and tools for meeting the desired objectives of their creation or communication*		P		

EXPLORE Discover and innovate in a growth mindset developed through experience and reflection.				
V.A.1,3 Think Learners develop and satisfy personal curiosity by: 1. Reading widely and deeply in multiple formats and write and create for a variety of purposes. 3. Engaging in inquiry-based processes for personal growth. *ISTE* *6. Creative Communicator* *6c. Students communicate complex ideas clearly and effectively by creating or using a variety of digital objects such as visualizations, models or simulations.*		S	P	
V.C.1 Share Learners engage with the learning community by: 1. Expressing curiosity about a topic of personal interest or curricular relevance. *ISTE* *7. Global Communicator* *7d. Students explore local and global issues and use collaborative technologies to work with others to investigate solutions.*		S	S	
ENGAGE Demonstrate safe, legal, and ethical creating and sharing of knowledge products independently while engaging in a community of practice and an interconnected world.				
VI.A.1-3 Think Learners follow ethical and legal guidelines for gathering and using information by: 1. Responsibly applying information, technology, and media to learning.	P	P		

2. Understanding the ethical use of information, technology, and media. 3. Evaluating information for accuracy, validity, social and cultural context, and appropriateness for need. *ISTE* *2. Digital Citizen* *2c. Demonstrate an understanding of and respect for the rights and obligations of using and sharing intellectual property*				
VI.B.1-2 Create Learners use valid information and reasoned conclusions to make ethical decisions in the creation of knowledge by: 1. Ethically using and reproducing others' work. 2. Acknowledging authorship and demonstrating respect for the intellectual property of others. *ISTE* *2. Digital Citizen* *2c. Demonstrate an understanding of and respect for the rights and obligations of using and sharing intellectual property*	P			P
VI.C.1-2 Share Learners responsibly, ethically, and legally share new information with a global community by: 1. Sharing information resources in accordance with modification, reuse, and remix policies. 2. Disseminating new knowledge through means appropriate for the intended audience. *ISTE* *2. Digital Citizen*	P			P

2c. Demonstrate an understanding of and respect for the rights and obligations of using and sharing intellectual property. 6. Creative Communicator 6d. Students publish or present content that customizes the message and medium for their intended audience.				

P indicates standard will be a priority for the unit; S indicates a supporting standard

Module 1 Digital Citizenship				
1. What are the various types of digital media? 2. How do we use different types of media appropriately and safely? 3. How do I use a standard format of citation to acknowledge the work of others?
