Dr. Larry Haynes

Director of State/Federal Programs, Testing, & Accountability

May 18, 2020

As part of Proclamation 2020, 9-12th ELAR teachers have reviewed materials from several vendors. Campus committee members (Instructional Dean, administrators, and teachers) have attended many presentations and were able to ask questions regarding the various products. After months of previewing materials, the recommendation from the committee is as follows:

- WOSHS recommends the approval of **McGraw-Hill** as their textbook provider.

We are in the process of securing bids so that materials can be ordered and shipped by early summer. We have adequate funds in our Instructional Materials Allotment line item to cover the costs of the new textbooks. **We are requesting that McGraw-Hill be approved as our textbook provider for Proclamation 2020 (9-12 ELAR).**

Respectfully,

Larry Haynes, Ed.D.
