

The mission of Nippersink District 2 is to foster academic growth, instill integrity, confidence, and civic responsibility while preparing all students for an ever-changing global society.

Curriculum:

2nd and 4th Grade Music Concerts: MRGS recently had two amazing performances that took place on March 19th. The night began with our 2nd grade musicians performing songs themed around music because March was Music in Our Schools Month. 2nd grade did a fabulous job on one of their most difficult song titled "Rhythm Express". In this song, each of the four 2nd grade classes was in charge of their own part. Each class needed to only perform their part while all other parts entered and then happened at the same time. They did wonderfully!

The night concluded with a performance by the RGS 4th grade musicians. Our 4th grade students have been learning to play the recorder in music class, therefore at their concert each grade had a recorder piece that featured only their class. The 4th Grade concert theme was "A Musical Safari". They sang three songs highlighting the story of going on a safari adventure. In addition, many speakers were selected to help tell the story of our theme and introduce each song.

They all did a marvelous job! Each 4th Grade classes' recorder songs utilized the notes B, A, and G. These songs added to the story when a student "created" a BAG with the ability to take home an animal from the safari Lastly, the concert ended with a plug for the RGS Zoo Fine Arts Night on April 23.

All 2nd and 4th grade musicians showed an overall love for music that night! It was a great night of music making and a great way to end the RGS concert season. Bravo to all musicians!

FPS Competition: Students are competing at state this Friday! Best of luck to all of our teams who qualified, those students competing are: Rilyn Peterie, Lilly Anderson, Jojo Fuiava, Hannah Herron

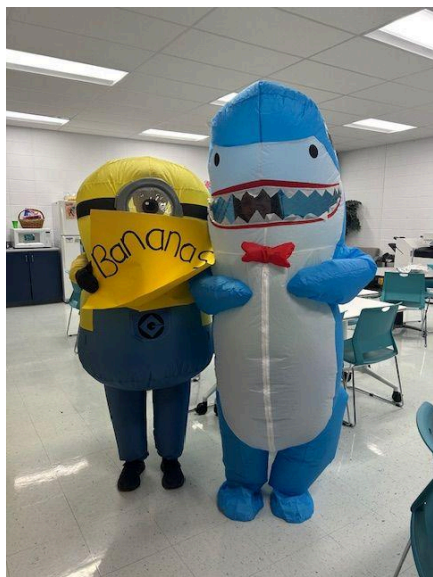

Piper Holian, Vlad Jurisic, Grayson Kohler, Caden Lesniak, Addie McBride, Myles McCabe, Natalia Mielke, Hayden Petersen and Rivers Vache!

RB Honors Chemistry Students Return! Mrs. Murphy brought her students to RGS and shared 12 different science experiments featuring a variety of concepts including STEAM to our 5th graders. Students took part in these interactive experiments and shared their excitement about hands-on science.

Celebrations:

Kid's Heart Challenge: March 20th, students and staff celebrated another great year of good health and fundraising to support the Kid's Heart Challenge. Raising over \$15,000 students celebrated with a musical chairs competition with the top most earning classroom and pies in the face for top most earning students.

Rally for Education: Thank you to our PTO, staff and families for all their time, creativity and efforts in supporting RGS's students with our annual Rally for Education on April 11th at the District. We all truly appreciate the commitment of this team and their dedication to making a difference in our school community.
