Marks Lehman	Alternative School

Hillsboro High School Library

The Summer months at Hillsboro High School saw a lot of new projects and renovations on campus. One such area was the HHS Library. New carpet was installed throughout the Library. We also hired a new Librarian, Mrs. Meaghan Hafer, who was formerly a teacher at Hillsboro Intermediate School. Mrs. Hafer has brought with her some new ideas to enhance our HHS Library by making it more of an open learning space to increase the use by both students and teachers. We are excited to have Mrs. Hafer at HHS and look forward to all the exciting changes in our Hillsboro High School Library.
