Background Information

The MSBA/MASA model policies are now updated to reflect Minnesota laws enacted in 2023. Because the revisions potentially concern matters of stakeholder interest, MSBA recommends that, when possible, school boards consider using the multiple meeting revision process set forth in their Model Policy 208.

Some revisions are effective immediately or in the Summer 2023—and the revisions are largely taken word-for-word from 2023 legislation. School districts must follow the laws related to the policies immediately.

On August 21, 2023 these policies were presented for a first reading.

These policies are presented for a second reading.

Redline versions of the policies are posted on Boardbook in Extras.
