Positive Happenings – May 2014

What's new in Community Education Youth Athletics?

Start Smart-Introduction to Sports (ages 3-5)

Let's get tossing, kicking and catching in this parent and child program. Using curriculum developed by the National Alliance for Youth Sports, an instructor will lead parent/child pairs through a variety of stations designed to teach the basics of sports skills. Prepare preschoolers for organized sports in a non-competitive, fun and active atmosphere. This was made possible through a Community Education mini-grant to purchase start up equipment.

Sports Camps (age 4- grade 6)

We're working with FLAAA to offer week long multisport camps (full or half day options available)! Morning activities include softball, basketball, flag football, soccer, and lacrosse. Afternoon activities include ice skating and group games such as kickball, parachute, badminton and relays.

More partnerships and new classes:

- Intro to Hockey I and II (a partnership with Forest Lake Hockey Association)
- Little Kickers (a partnership with Lakes United Futbol)
- Skyhawks Flag Football Camp
- Skyhawks Multisport Camp
- Track and Field Camp
- Football Clinic

LEAGUES	Grades	Teams	Participants
Baseball	K-6	58	775
North Star Jr Baseball	7-9	3	32
Soccer	K-6	30	362
