

**CONSIDERATION OF
ALL ABSENCES**

This policy shall apply to a student who has not been in attendance for 90 percent of the days the class is offered.

All absences shall be considered in determining whether a student has attended the required percentage of days under this policy.

ATTENDANCE
COMMITTEES

The Board shall establish an attendance committee or as many committees as necessary for efficient implementation of Education Code 25.092.

The Superintendent or designee shall make the specific appointments in accordance with legal requirements.

PARENTAL NOTICE
OF EXCESSIVE
ABSENCES

A student and the student's parent or guardian shall be given written notice prior to and at such time when a student's attendance in any class drops below 90 percent of the days the class is offered. When a student's attendance drops below 90 percent of the days the class is offered, the student, parent, or representative may request award of credit or a final grade by submitting a written petition to the appropriate attendance committee.

Petitions for credit or a final grade may be filed at any time the student receives notice but, in any event, no later than 30 days after the last day of classes.

The attendance committee shall review the student's entire attendance record and the reasons for absences, and shall determine whether to award credit or a final grade. The attendance committee may **also, whether a petition is filed or not**, review the records of all students whose attendance drops below 90 percent of the days the class is offered, ~~whether or not a petition is filed.~~

All components of the plan for regaining credit must be completed by June 15 of the academic year being appealed for credit. Extensions may be given for students attending summer school.

Students who have lost credit or have not received a final grade because of excessive absences may regain credit or be awarded a final grade by fulfilling the requirements established by the attendance committee.

PERSONAL ILLNESS

When a student's absence for personal illness exceeds four consecutive days, the principal or attendance committee may require that the student present a statement from a physician or health clinic verifying the illness or condition that caused the student's extended absence from school as a condition of classifying the absence as one for which there are extenuating circumstances.

If a student has established a questionable pattern of absences, the principal or attendance committee may require that a student present a physician's or clinic's statement of illness after a single day's absence as a condition of classifying the absence as one for which there are extenuating circumstances.
