

Timestamp	How would you rate the quality of the educational opportunities available for our Alaska Native and American Indian students?	What might be some ways CCSD can improve the educational opportunities that are provided for our Alaska Native and American Indian students?	How would you rate the quality of the extra-curricular opportunities available for our Alaska Native and American Indian students?	What might be some ways CCSD can improve the extra-curricular opportunities that are provided for our Alaska Native and American Indian students?	Please share additional comments/feedback regarding CCSD's educational and extra-curricular programs.
1/13/2023 7:45:50	Excellent	Continue to explore how the district can expand its CTE offerings to include courses aligned with industries specific to POW: health care, fishing, forestry, mariculture, construction, etc.	Excellent	I can't see how CCSD could improve. The amount of extra-curricular offerings and activities available for CCSD students is incredible, especially given the number of students enrolled in CCSD.	Really appreciate the collaboration between CCSD, CTA, ANS, Shaan Seet, Sealaska, etc for the first Youth Gathering event earlier this year.
1/16/2023 14:44:52	Basic	Languages, culture, and more art.	Basic	Keep providing the opportunities for participation.	Since I've been participating in the Indigenous education meetings in 2019 they have gotten much better and I believe it will keep getting better. Clear communication and willingness to learn from each other will decide how it goes in the future. It only has as much importance as you place on it.
1/17/2023 6:47:16	Good	More education of the origins of Craig and POW	Excellent	NYO	NA
