#### State and Local Government Addendum

Reference: Application No. 956325

This State and Local Government Addendum (this "<u>Addendum</u>") is made part of the Agreement related to the above referenced application number ("Agreement") between **LEAF Capital Funding**, **LLC** ("<u>we</u>" "<u>us</u>" and "<u>ours</u>") and <u>ISD709 Duluth Publics School</u> ("<u>you</u>" and "<u>your</u>"). Capitalized terms used but not defined will have the meaning given to them in the Agreement. If there is any conflict between the terms of this Addendum and the terms of the Agreement, the terms of this Addendum will control and prevail. The parties hereby agree as follows:

- 1. Funding Intent. You reasonably believe that funds can be obtained sufficient to make all Payments set forth in the Agreement and any other amounts owed during the term of the Agreement. You agree that your chief executive or administrative officer (or your administrative office that has the responsibility of preparing the budget submitted to your governing body, as applicable) will provide for funding for such payments in your annual budget request submitted to your governing body. You covenant that you will do all things lawfully within your power to obtain, maintain and properly request and pursue funds from which the Payments may be made, including making provisions for such payments to the extent necessary in each budget submitted for the purpose of obtaining funding, using your best efforts to have such portion of the budget approved and exhausting all available administrative reviews and appeals in the event such portion of the budget is not approved. If your governing body chooses not to appropriate funds for such payments, you agree that your governing body will evidence such nonappropriation by omitting funds for such payments due during the applicable fiscal period from the budget that it adopts. You and we agree that your obligation to make payments under the Agreement will be your current expense and will not be interpreted to be a debt in violation of applicable law or constitutional limitations or requirements. Nothing contained in the Agreement will be interpreted as a pledge of your general tax revenues, funds or moneys.
- 2. Nonappropriation of Funds. If (a) sufficient funds are not appropriated and budgeted by your governing body in any fiscal period for Payments set forth in the Agreement or any other amounts owed to us and (b) you have exhausted all funds legally available for such payments due under the Agreement (together, a "Non-Appropriation Event"), then you will give us not less than ninety (90) days written notice (a "Termination Notice") and the Agreement will terminate as of the last day of your fiscal period for which funds for such payments are available ("Termination Date"). Such termination is without any expense or penalty, except for the portions of such payments and those expenses associated with your return of the Equipment in accordance with the Agreement for which funds have been budgeted or appropriated or are otherwise legally available. You agree that, to the extent permitted by law, you will not terminate the Agreement if any funds are appropriated by you or to you for the acquisition or use of equipment or services performing functions similar to the Equipment during your fiscal period in which such termination would occur. You shall (i) on or before the Termination Date, return the Equipment in accordance with the return requirements set forth in the Agreement, (ii) provide in the Termination Notice a certification of a responsible official that a Non-Appropriation Event has occurred, (iii) deliver to us, upon our request, an opinion of your counsel (addressed to us) verifying that the Non-Appropriation Event as set forth in the Termination Notice has occurred, and (iv) pay us all sums payable to us under the Agreement up to and including the Termination Date. You acknowledge and agree that, in the event of the termination of the Agreement and the return of the Equipment as provided for herein, you shall have no interest whatsoever in the Equipment or proceeds thereof and we shall be entitled to retain for our own account the proceeds resulting from any disposition or releasing of the Equipment along with any advance rentals, security deposits or other sums previously paid by you pursuant to the terms of the Agreement.
- 3. <u>Authority and Authorization</u>. You represent and agree that: (a) you are a state or a political subdivision or agency of a state; (b) the entering into and performance of the Agreement is authorized under your state laws and Constitution and does not violate or contradict any judgment, law, order, or regulation, or cause any default under any agreement to which you are party; (c) you have complied with all bidding requirements and, where necessary, have properly presented the Agreement for approval and adoption as a valid obligation on your part; and (d) you have sufficient appropriated funds or other moneys available to pay all amounts due under the Agreement for your current fiscal period. Upon our request, you agree to provide us with an opinion of counsel as to clauses (a) through (d) above, an incumbency certificate, and other documents that we request, with all such documents being in a form satisfactory to us.

- 4. Government Use. You agree that (a) you will comply with all information reporting requirements of the Internal Revenue Code of 1986, as amended, including but not limited to the execution and delivery to us of information statements requested by us, and (b) the use of the Equipment is essential for your proper, efficient and economic operation, you will be the only entity to use the Equipment during the term of the Agreement and you will use the Equipment only for your governmental purposes. Upon our request you will provide us with an essential use letter in a form satisfactory to us as to clause (b) above.
- 5. <u>Insurance</u>. You agree to provide and maintain at your own expense (a) property insurance against the loss, theft, destruction of, or damage to, the Equipment for its full replacement value, naming us as loss payee, and (b) public liability and third party property insurance, naming us as an additional insured. You will give us certificates or other evidence of such insurance on the Equipment at such times as we request. All insurance obtained from a third party insurer will be in a form, amount and with companies acceptable to us, and will provide that we will be given 30 days' advance notice of any cancellation or material change of such insurance. If you do not provide us with proof of such insurance, we may secure insurance on the Equipment to cover our interests (and only our interests). If we obtain such insurance, you will pay us an additional amount for the cost of such insurance and an administrative fee, the cost of which may be more than the cost to obtain your own insurance and on which we may make a profit.
- **6.** <u>Indemnification</u>. With respect to any claims, actions, or suits that are made against us as a result of your actions, omissions, negligence or willful misconduct ("<u>Claims</u>"), to the extent permitted by law, you agree to reimburse us for, and if we request, defend us against, any such Claims.
- 7. <u>Choice of Law.</u> Regardless of any conflicting provision in the Agreement, THE AGREEMENT WILL BE GOVERNED BY THE LAWS OF THE STATE IN WHICH YOU ARE LOCATED.
- 8. This Addendum supplements and amends the Agreement only to the extent and in the manner set forth, and in all other respects, the Agreement will remain in full force and effect.

IN WITNESS WHEREOF the parties hereto, by their authorized signatories, have executed this Addendum at the date set forth below their respective signatures.

The provisions of this Paragraph 4 are not intended to relieve Owner from the performance of its obligations under this Agreement, but only to limit personal liability in the case of recovery of judgment. They do not limit Consultant's rights to obtain injunctive relief and specific performance or to maintain any other action not involving the personal liability of Owner or its directors, officers, or agents.
- B. In any event, the financial liability of the Consultant for any alleged breach of this Contract, or for any tort committed in performance of this contract, shall not exceed 25% of the

total contract amount due to Consultant as payment to it for services performed under this Contract.

C. ICS shall not be responsible for the acts or omissions of any consultant, contractor or any subcontractor, supplier or other individuals or entities performing design and/or furnishing any portions of the work. ICS shall not be responsible for the failure of any Contractor to perform or furnish the work in accordance with the Contract Documents.

# 6. Authorities for Action

Owner designates a responsible employee for administration and coordination of the work. Consultant designates a responsible employee to act on its behalf in any matter under this Agreement. Either party may designate in writing one or more persons to act on its behalf in any manner under this Agreement, provided notice is given according to the provisions set forth in Paragraph 8 below.

# 7. Independent Contractor

It is specifically understood and agreed that at all times pertinent to this Agreement, Consultant shall be an independent Contractor and shall not be considered an employee of the Owner.

#### 8. Notices

Any notice under this Agreement shall be in writing and shall be deemed to be properly given when delivered to an officer of Owner or Consultant or upon receipt by the other party, when mailed by registered or certified mail, postage prepaid, return receipt requested.

Either party shall have the right to designate by notice, in the manner set forth above, a different address to which notices are to be mailed.

## 11. Termination

This Agreement may be terminated for proper cause by either party upon thirty (30) days written notice to the other party. Upon termination, Consultant will deliver to Owner or its designee all records, documents or materials in its possession or control of Consultant which relate to the Project and for which payment has been received. If Services have been prepared for, or performed, for which payment has not been received as of the date of termination, Owner shall be entitled to purchase the products of those Services, such as records, materials, and documents, for the consideration due therefore under this Agreement. If Owner does not purchase the products of these Services, Owner remains liable to Consultant for any incurred but unpaid charges for Services performed.

## 12. Hazardous Materials

It is acknowledged by both parties that ICS Consulting, Inc.'s scope of services does not include any services related to asbestos, hazardous, or toxic materials that may be encountered or found to be present at or in areas adjacent to the site. #### 621 LITERACY AND THE READ ACT

[Note: By the 2026-2027 school year, the school district must provide evidence-based reading instruction through a focus on student mastery of the foundational reading skills of phonemic awareness, phonics, and fluency, as well as the development of oral language, vocabulary, and reading comprehension skills. Students must receive evidence-based instruction that is proven to effectively teach children to read, consistent with Minnesota Statutes, sections 120B.1117 to 120B.124.]

#### I. **PURPOSE**

This policy aligns with Minnesota law established in the Read Act and on other topics related to reading.

#### II. **GENERAL STATEMENT OF POLICY**

The school district recognizes the centrality of reading in a student's educational experience.

#### III. **DEFINITIONS**

- Α. "Evidence-based" means the instruction or item described is based on reliable, trustworthy, and valid evidence and has demonstrated a record of success in increasing students' reading competency in the areas of phonological and phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Evidence-based literacy instruction is explicit, systematic, and includes phonological and phonemic awareness, phonics and decoding, spelling, fluency, vocabulary, oral language, and comprehension that can be differentiated to meet the needs of individual students. Evidence-based instruction does not include the three-cueing system, as defined in subdivision 16.
- В. "Fluency" means the ability of students to read text accurately, automatically, and with proper expression.
- C. "Foundational reading skills" includes phonological and phonemic awareness, phonics and decoding, and fluency. Foundational reading skills appropriate to each grade level must be mastered in kindergarten, grade 1, grade 2, and grade 3. Struggling readers in grades 4 and above who do not demonstrate mastery of grade-level foundational reading skills must continue to receive explicit, systematic instruction to reach masterv.
- D. "Literacy specialist" means a person licensed by the Professional Educator Licensing and Standards Board as a teacher of reading, a special education teacher, or a kindergarten through grade 6 teacher, who has completed professional development approved by the Minnesota Department of Education (MDE) in structured literacy. A literacy specialist employed by the department under Minnesota Statutes, section 120B.123, subdivision 7, or by a district as a literacy lead, is not required to complete the approved training before August 30, 2025.
- E. "Literacy lead" means a literacy specialist with expertise in working with educators as adult learners. A district literacy lead must support the district's implementation of the Read Act; provide support to school-based coaches; support the implementation of structured literacy, interventions, curriculum delivery, and teacher training; assist with the development of personal learning plans; and train paraprofessionals and other

support staff to support classroom literacy instruction. A literacy lead may be employed by one district, jointly by two or more districts, or may provide services to districts through a partnership with the regional service cooperatives or another district.

- F. "Multitiered system of support" or "MTSS" means a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental, and academic outcomes for every student. The MTSS framework provides access to layered tiers of culturally and linguistically responsive, evidence-based practices and relies on the understanding and belief that every student can learn and thrive. Through a MTSS at the core (Tier 1), supplemental (Tier 2), and intensive (Tier 3) levels, educators provide high quality, evidence-based instruction and intervention that is matched to a student's needs; progress is monitored to inform instruction and set goals and data is used for educational decision making.
- G. "Oral language," also called "spoken language," includes speaking and listening, and consists of five components: phonology, morphology, syntax, semantics, and pragmatics.
- H. "Phonemic awareness" means the ability to notice, think about, and manipulate individual sounds in spoken syllables and words.
- I. "Phonics instruction" means the explicit, systematic, and direct instruction of the relationships between letters and the sounds they represent and the application of this knowledge in reading and spelling.
- J. "Progress monitoring" means using data collected to inform whether interventions are working. Progress monitoring involves ongoing monitoring of progress that quantifies rates of improvement and informs instructional practice and the development of individualized programs using state-approved screening that is reliable and valid for the intended purpose.
- K. "Reading comprehension" means a function of word recognition skills and language comprehension skills. It is an active process that requires intentional thinking during which meaning is constructed through interactions between the text and reader. Comprehension skills are taught explicitly by demonstrating, explaining, modeling, and implementing specific cognitive strategies to help beginning readers derive meaning through intentional, problem-solving thinking processes.
- L. "Structured literacy" means an approach to reading instruction in which teachers carefully structure important literacy skills, concepts, and the sequence of instruction to facilitate children's literacy learning and progress. Structured literacy is characterized by the provision of systematic, explicit, sequential, and diagnostic instruction in phonemic awareness, phonics, fluency, vocabulary and oral language development, and reading comprehension.
- M. "Three-cueing system," also known as "meaning structure visual (MSV)," means a method that teaches students to use meaning, structure and syntax, and visual cues when attempting to read an unknown word.
- N. "Vocabulary development" means the process of acquiring new words. A robust vocabulary improves all areas of communication, including listening, speaking, reading, and writing. Vocabulary growth is directly related to school achievement and is a strong predictor for reading success.

# IV. READING SCREENER; PARENT NOTIFICATION AND INVOLVEMENT

A. The school district must administer an approved evidence-based reading screener to students in kindergarten through grade 3 within the first six weeks of the school year,

and again within the last six weeks of the school year. The screener must be one of the screening tools approved by the Minnesota Department of Education (MDE).

- B. The school district must identify any screener it uses in the district's annual literacy plan, and submit screening data with the annual literacy plan by June 15.
- C. Schools, at least biannually after administering each screener, must give the parent of each student who is not reading at or above grade level timely information about:
  - the student's reading proficiency as measured by a screener approved by MDE;
  - 2. reading-related services currently being provided to the student and the student's progress; and
  - 3. strategies for parents to use at home in helping their student succeed in becoming grade-level proficient in reading in English and in their native language.
- D. The school district may not use this section to deny a student's right to a special education evaluation.

# V. IDENTIFICATION AND REPORT

- A. Students enrolled in kindergarten, grade 1, grade 2, and grade 3, including multilingual learners and students receiving special education services, must be universally screened for mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, oral language, and for characteristics of dyslexia as measured by a screening tool approved by MDE. The screening for characteristics of dyslexia may be integrated with universal screening for mastery of foundational skills and oral language.
- B. The school district must submit data on student performance in kindergarten, grade 1, grade 2, and grade 3 on foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language to MDE in the annual local literacy plan submission due on June 15.
- C. Students in grades 4 and above, including multilingual learners and students receiving special education services, who do not demonstrate mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language, must be screened using a screening tool approved by MDE for characteristics of dyslexia and must continue to receive evidence-based instruction, interventions, and progress monitoring until the students achieve grade-level proficiency. A parent, in consultation with a teacher, may opt a student out of the literacy screener if the parent and teacher decide that continuing to screen would not be beneficial to the student. In such limited cases, the student must continue to receive progress monitoring and literacy interventions.
- D. Reading screeners in English, and in the predominant languages of school district students where practicable, must identify and evaluate students' areas of academic need related to literacy. The school district also must monitor the progress and provide reading instruction appropriate to the specific needs of multilingual learners. The school district must use an approved, developmentally appropriate, and culturally responsive screener and annually report summary screener results to the MDE Commissioner by June 15 in the form and manner determined by the MDE Commissioner.
- E. The school district must include in its literacy plan a summary of the district's efforts to screen, identify, and provide interventions to students who demonstrate

characteristics of dyslexia as measured by a screening tool approved by MDE. With respect to students screened or identified under paragraph (a), the report must include:

- 1. a summary of the school district's efforts to screen for dyslexia;
- 2. the number of students universally screened for that reporting year;
- the number of students demonstrating characteristics of dyslexia for that year;
- 4. an explanation of how students identified under this subdivision are provided with alternate instruction and interventions under Minnesota Statutes, section 125A.56, subdivision 1.

# VI. INTERVENTION

- A. For each student identified under the screening identification process, the school district shall provide reading intervention to accelerate student growth and reach the goal of reading at or above grade level by the end of the current grade and school year.
- B. The school district must implement progress monitoring, as defined in Minnesota Statutes, section 120B.1118, for a student not reading at grade level.
- C. The school district must use evidence-based curriculum and intervention materials at each grade level that are designed to ensure student mastery of phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Starting July 1, 2023, if the school district purchases new literacy curriculum, or literacy intervention or supplementary materials, the curriculum or materials must be evidence-based as defined in Minnesota Statutes, section 120B.1118.
- D. If a student does not read at or above grade level by the end of the current school year, the school district must continue to provide reading intervention until the student reads at grade level. School district intervention methods shall encourage family engagement and, where possible, collaboration with appropriate school and community programs that specialize in evidence-based instructional practices and measure mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language.
- E. By the 2025-2026 school year, intervention programs must be taught by an intervention teacher or special education teacher who has successfully completed training in evidence-based reading instruction approved by MDE. Intervention may include but is not limited to requiring student attendance in summer school, intensified reading instruction that may require that the student be removed from the regular classroom for part of the school day, extended-day programs, or programs that strengthen students' cultural connections.
- F. The school district must determine the format of the personal learning plan in collaboration with the student's educators and other appropriate professionals. The school must develop the learning plan in consultation with the student's parent or guardian. The personal learning plan must include targeted instruction that is evidence-based and ongoing progress monitoring, and address knowledge gaps and skill deficiencies through strategies such as specific exercises and practices during and outside of the regular school day, group interventions, periodic assessments or screeners, and reasonable timelines. The personal learning plan may include grade retention, if it is in the student's best interest; a student may not be retained solely due to delays in literacy or not demonstrating grade level proficiency. A school must maintain and regularly update and modify the personal learning plan until the student

621-4 44

reads at grade level. This paragraph does not apply to a student under an individualized education program.

# VII. LOCAL LITERACY PLAN

- A. The school district must adopt a local literacy plan to have every child reading at or above grade level every year beginning in kindergarten and to support multilingual learners and students receiving special education services in achieving their individualized reading goals. The school district must update and submit the plan to the Commissioner of MDE by June 15 each year. The plan must be consistent with the Read Act, and include the following:
  - 1. a process to assess students' foundational reading skills, oral language, and level of reading proficiency and the screeners used, by school site and grade level, under Minnesota Statutes, section 120B.123;
  - 2. a process to notify and involve parents;
  - a description of how schools in the school district will determine the targeted reading instruction that is evidence-based and includes an intervention strategy for a student and the process for intensifying or modifying the reading strategy in order to obtain measurable reading progress;
  - 4. evidence-based intervention methods for students who are not reading at or above grade level and progress monitoring to provide information on the effectiveness of the intervention;
  - 5. identification of staff development needs, including a plan to meet those needs;
  - 6. the curricula used by school site and grade level;
  - 7. a statement of whether the school district has adopted a MTSS framework;
  - 8. student data using the measures of foundational literacy skills and mastery identified by MDE for the following students:
    - a. students in kindergarten through grade 3;
    - b. students who demonstrate characteristics of dyslexia; and
    - students in grades 4 to 12 who are identified as not reading at grade level; and
  - 9. the number of teachers and other staff that have completed training approved by the department.
- B. The school district must post its literacy plan on the official school district website and submit it to the Commissioner of MDE using the template developed by the Commissioner beginning June 15, 2024.

### **VIII. STAFF TRAINING**

A. Beginning July 1, 2024, a school district must provide access to the training required under Minnesota Statutes, section 120B.123, subdivision 5, to:

- 1. intervention teachers working with students in kindergarten through grade 12;
- 2. all classroom teachers of students in kindergarten through grade 3 and children in prekindergarten programs;
- 3. special education teachers;
- 4. curriculum directors;
- 5. instructional support staff who provide reading instruction; and
- 6. employees who select literacy instructional materials for a district.
- B. The school district must provide training from a menu of approved evidence-based training programs to all reading intervention teachers, literacy specialists, and other teachers and staff identified in Minnesota Statutes, section 120B.12, subdivision 1, paragraph (b), by July 1, 2025; and by July 1, 2027, to other teachers in the school district, prioritizing teachers who work with students with disabilities, English learners, and students who qualify for the graduation incentives program under Minnesota Statutes, section 124D.68. The Commissioner of MDE may grant a school district an extension to these deadlines.
- C. By August 30, 2025, the school district must employ or contract with a literacy lead, or be actively supporting a designated literacy specialist through the process of becoming a literacy lead. The school board may satisfy the requirements of this subdivision by contracting with another school board or cooperative unit under Minnesota Statutes, section 123A.24 for the services of a literacy lead by August 30, 2025. The school district literacy lead must collaborate with school district administrators and staff to support the school district's implementation of requirements under the Read Act.

# IX. STAFF DEVELOPMENT

- A. The school district must provide training programs on evidence-based reading instruction to teachers and instructional staff in accordance with subdivision 1, paragraph (b). The training must include teaching in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, reading comprehension, and culturally and linguistically responsive pedagogy.
- B. The school district shall use the data under Article V. above to identify the staff development needs so that:
  - 1. elementary teachers are able to implement explicit, systematic, evidence-based instruction in the five reading areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension with emphasis on mastery of foundational reading skills as defined in Minnesota Statutes, section 120B.1118 and other literacy-related areas including writing until the student achieves grade-level reading and writing proficiency;
  - 2. elementary teachers have sufficient training to provide students with evidence-based reading and oral language instruction that meets students' developmental, linguistic, and literacy needs using the intervention methods or programs selected by the school district for the identified students;
  - 3. licensed teachers employed by the school district have regular opportunities to improve reading and writing instruction;
  - 4. licensed teachers recognize students' diverse needs in cross-cultural settings and are able to serve the oral language and linguistic needs of students who are multilingual learners by maximizing strengths in their native languages in

order to cultivate students' English language development, including oral academic language development, and build academic literacy; and

- 5. licensed teachers are well trained in culturally responsive pedagogy that enables students to master content, develop skills to access content, and build relationships.
- C. The school district must provide staff in early childhood programs sufficient training to provide children in early childhood programs with explicit, systematic instruction in phonological and phonemic awareness; oral language, including listening comprehension; vocabulary; and letter-sound correspondence.

# X. LITERACY INCENTIVE AID USES

The school district must use its literacy incentive aid to support implementation of evidence-based reading instruction. The following are eligible uses of literacy incentive aid:

- 1. training for kindergarten through grade 3 teachers, early childhood educators, special education teachers, reading intervention teachers working with students in kindergarten through grade 12, curriculum directors, and instructional support staff that provide reading instruction, on using evidence-based screening and progress monitoring tools;
- 2. evidence-based training using a training program approved by MDE;
- 3. employing or contracting with a literacy lead, as defined in Minnesota Statutes, section 120B.1118;
- 4. materials, training, and ongoing coaching to ensure reading interventions under Minnesota Statutes, section 125A.56, subdivision 1, are evidence-based; and costs of substitute teachers to allow teachers to complete required training during the teachers' contract day.

#### 707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

#### I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

# II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

#### III. DEFINITIONS

- "Child with a disability" includes every child identified under federal and state special Α. education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of the Minnesota Department of Education ("Commissioner"). A licensed physician, an advanced practice nurse, a physician assistant, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district's discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability.
- B. "Home" is the legal residence of the child. In the discretion of the school district, "home" also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district.
- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances.

- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minnesota Statutes, section 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides.
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located.
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled.
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minnesota Statutes, section 120A.22 by attendance at a nonpublic school.
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota.

### IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian.
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

The School District's responsibility is to provide transportation as a service for those students that are eligible based on both service area criteria and behavior expectations.

Student eligibility for transportation will be based on the distance of the student's residence, child care facility, or Key Zone site (which the child is attending on a permanent and regularly scheduled basis) from the school to which the pupil is assigned and the grade level of the student.

The School Board has established the following criteria:

Grade Level Distance from Residence to School

Elementary 0.7 of a mile or more

Middle 1 mile

High 1 mile

Students eligible for transportation may be required to walk the same distance to a school bus stop that non-transported students are required to walk to his/her school.

Parents will assume responsibility of transporting children to and from their home to the permanent, full-time child care facility and Key Zone sites. Special transportation will be handled on an individual basis for students with disabilities.

The School District will provide transportation for students when, in the opinion of the Traffic Hazard Safety Committee, conditions between the child's home and school of attendance create a hazard to the walking child, recognizing the child's age as a factor in this consideration. Questions pertaining to eligibility for transportation due to safety concerns should be referred in writing to the Traffic Hazard Safety Committee.

The Traffic Hazard Safety Committee shall consist of the Transportation Manager, the Transportation Supervisor, a School Board Member, a representative from Voyageur Bus Company, and any others the Superintendent may designate.

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation.
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

# V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students.
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation.
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district.
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes

the highest grade level offered by the program.

# VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minnesota Statutes, section 124D.03, subdivision 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district.
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion.

# VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/ STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minnesota Statutes, section 123B.92, subdivision 1(b)(4), for a resident child with a disability who is not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include and individualized eduction program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs.
- B. Resident students with a disability whose disabling conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district.
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district.
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special

instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary.

- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district.
- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation.
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law.
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minnesota Statues, chapter 125A.

# **VIII. HOMELESS STUDENTS**

- A. Homeless students shall be provided with transportation services comparable to other students in the school district.
- B. Upon request by the student's parent, guardian, or Families in Transition Coordinator, the school district shall provide transportation for a homeless student as follows:
  - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district.
  - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation.

- 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located.
- 4. A homeless nonresident student enrolled under Minnesota Statutes section 124D.08, subdivision 2a, must be provided transportation from the student's district of residence to and from the school of enrollment.

# IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days.

#### X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means.

# XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 United States Code, section 1415 (Individuals with Disabilities Act), 29 United States Code, section 794 (the Rehabilitation Act), and 42 United States Code, section 12132, (Americans with Disabilities Act) are governed by these provisions.

# XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minnesota Statutes section 190.05.
- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary

707 - 6 of 8

enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee.

D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs.

In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)

For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]

The School District's responsibility is to provide transportation as a service for those students that are eligible based on both service area criteria and behavior expectations.

Student eligibility for transportation will be based on the distance of the student's

residence, child care facility, or Key Zone site (which the child is attending on a permanent and regularly scheduled basis) from the school to which the pupil is assigned and the grade level of the student.

The School Board has established the following criteria:

Parents will assume responsibility of transporting children to and from their home to the permanent, full-time child care facility and Key Zone sites. Special transportation will be handled on an individual basis for students with disabilities.

The School District will provide transportation for students when, in the opinion of the Traffic Hazard Safety Committee, conditions between the child's home and school of attendance create a hazard to the walking child, recognizing the child's age as a factor in this consideration. Questions pertaining to eligibility for transportation due to safety concerns should be referred in writing to the Traffic Hazard Safety Committee.

The Traffic Hazard Safety Committee shall consist of the Transportation Manager, the appropriate principal, the School Patrol Safety Officer of the Duluth Police Department, the Transportation Supervisor, a School Board Member, a representative from Voyageur Bus Company, and any others the Superintendent may designate.

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

#### V. TRANSPORTATION OF NONRESIDENT STUDENTS

A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)

#### 707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

#### I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

# II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

#### III. DEFINITIONS

- "Child with a disability" includes every child identified under federal and state special Α. education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of the Minnesota Department of Education ("Commissioner"). A licensed physician, an advanced practice nurse, a physician assistant, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district's discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability. (Minn. Stat. § 125A.02)
- B. "Home" is the legal residence of the child. In the discretion of the school district, "home" also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district. (Minn. Stat. § 123B.92, Subd. 1(b)(1); Minn. Stat. § 127A.47, Subd. 2)
- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances. (42 U.S.C. § 11434a)

- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minn. Stat. §Minnesota Statutes, section 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d, et seq.). (Minn. Stat. §123B.41, Subd. 9)
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides. (Minn. Stat. § 123B.88, Subd. 6; Minn. Stat. § 125A.51; Minn. Stat. § 127A.47, Subd. 3)
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located. (Minn. Stat. § 123B.41, Subd. 4)
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled. (42 U.S.C. § 11432(g)(3)(G))
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minne. Stat. § Minnesota Statutes, section 120A.22 by attendance at a nonpublic school. (Minn. Stat. § 126C.01, Subd. 8)
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota. (Minn. Stat. § 123B.41, Subd. 11)

#### IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian. (Minn. Stat. § 123B.88, Subd. 1)
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

[NOTE: In this section, school districts may wish to outline those discretionary areas where they intend to provide transportation. For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]

The School District's responsibility is to provide transportation as a service for those students that are eligible based on both service area criteria and behavior expectations.

Student eligibility for transportation will be based on the distance of the student's

residence, child care facility, or Key Zone site (which the child is attending on a permanent and regularly scheduled basis) from the school to which the pupil is assigned and the grade level of the student.

The School Board has established the following criteria:

Grade Level Distance from Residence to School Elementary 0.7 of a mile or more

Middle 1.5 miles or more 1 mile
High 2.0 miles or more 1 mile

Students eligible for transportation may be required to walk the same distance to a school bus stop that non-transported students are required to walk to his/her school.

Parents will assume responsibility of transporting children to and from their home to the permanent, full-time child care facility and Key Zone sites. Special transportation will be handled on an individual basis for students with disabilities.

The School District will provide transportation for students when, in the opinion of the Traffic Hazard Safety Committee, conditions between the child's home and school of attendance create a hazard to the walking child, recognizing the child's age as a factor in this consideration. Questions pertaining to eligibility for transportation due to safety concerns should be referred in writing to the Traffic Hazard Safety Committee.

The Traffic Hazard Safety Committee shall consist of the Transportation Manager, the appropriate principal, the School Patrol Safety Officer of the Duluth Police Department, the Transportation Supervisor, a School Board Member, a representative from Voyageur Bus Company, and any others the Superintendent may designate.

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

#### V. TRANSPORTATION OF NONRESIDENT STUDENTS

A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students. (Minn. Stat. § 124D.04, Subd. 7; Minn. Stat. § 123B.92, Subd. 3)

- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation. (Minn. Stat. § 123B.88, Subd. 6)
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district. (Minn. Stat. § 127A.47, Subd. 3(b))
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program. (Minn. Stat. § 123B.92, Subd. 3(b))

#### VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § Minnesota Statutes, section 124D.03, Subd. subdivision 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district. (Minn. Stat. § 123B.88, Subds. 1 and 4)
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion. (Minn. Stat. § 124D.041)

A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minnesota Statutes, section 123B.92, subdivision 1(b)(4), for a resident child student with a disability who is not yet enrolled in kindergarten for the provision of special instruction and services. 400 MEAL COMPONENTS AND QUANTITIES	401SP. Sponsor is using the same menu for multiple sites and the menu did not meet the National School Lunch Program meal pattern requirements. The following concerns were identified:  1. Menu documentation for lunch served during the review period indicate that the portion size of vegetable did not meet the minimum daily requirement on several days when "assorted vegetable" was the only vegetable offering. This was also noted on sponsor monitoring visits at several sites that the vegetable portion size was 1/2 cup on the day of the sponsor monitor visit.  2. Menu documentation for lunches served during the review period indicates that the amount of red/orange vegetable subgroup was not offered in the minimum weekly required amount. It should be noted that on the day of the review, Laura MacArthur school served a vegetable tray that included tomatoes and carrots, however production records and menus from the review period do not indicate that the subgroup was met in full during previous weeks.	Describe your plan to ensure that the minimum daily vegetable requirement is met.  Describe your plan to ensure menus and production records will document that the red/orange subgroup is met. Date of correction: 8/1/24  Menus will list the specific vegetable to serve each day with a ¾ C serving size.  All employees will be trained on the ¾ Serving size for vegetables.  All production sheets will have the listed vegetable served each day with the ¾ C serving.  Additional fresh vegetables will also be offered to all participants. 300 MEAL COUNTING/CLAI MING	301. The meal count is not taken daily for each meal/snack at the point of service.  On the day of review, the point-of-service count was not taken. Instead, the kitchen employee took a mental tally of students, and a back-count of the remaining entrees prepared after the service to determine the total meals served. Although this site has relatively low attendance, neither of these counting methods are considered point-of-service.  It should be noted that the site did have daily check-off sheets on hand and technical assistance was provided by the reviewer on how to utilize these sheets for a point-of-service count.	Submit a plan to ensure meal counting accuracy. Describe staff training, if necessary.  See site finding 401 for day-of-review claim adjustment.  Technical Assistance: The point of service is the point at which a person can determine that a reimbursable meal was served to/selected by an eligible youth. All food components must be served to the youth prior to a person counting the meal as reimbursable. It is recommended that all food components be served in a meal service line, where youth line up to receive a complete reimbursable meal, and the count of reimbursable meals is taken at the end of the service area.	Persons involved in corrective action: Sheila Oak, Supervisor of Child Nutrition Programs: Stacy Bergstedt, Area Supervisor; Thomas Rusk, Site Supervisor. Summer Emison, Rockridge Site manager Date of correction: 8/1/24  Meal counting will be done on the serving line with the daily count sheet. A clicker is also now available for the employee.  Employee was made aware of the point of service meal counting requirements and the appropriate way to count meals.

meals were served to children and counted as reimbursable.

A complete meal was offered to children, but incomplete meals were served.

Observed five (5) breakfast meals claimed for reimbursement at the point of service that were missing required meal components. These students selected 2 or fewer items, such as 1 cereal and 1 juice box. 3 items are required under the NSLP breakfast pattern. The kitchen employee did not have a good understanding of what constitutes a reimbursable meal using offer-versus-serve.

In the corrective action, please indicate if one of these actions was taken by your sponsorship to adjust the claim(s) for reimbursement:

The claim for reimbursement was not submitted on the day of review, but corrected meal counts were entered when the claim was submitted.

The claim for reimbursement was adjusted on [enter date].

This is an appealable action. Refer to the SFSP Appeal Procedure, which is located on the Minnesota Department of Education website at <a href="https://education.mn.gov/MDE/dse/FNS/SFSP/App/">https://education.mn.gov/MDE/dse/FNS/SFSP/App/</a>. If sponsor appeals, the decision of the appeal will determine the course of action. If sponsor does not appeal, the claim for reimbursement needs to be adjusted. A submitted claim may be adjusted by the sponsor within 60 calendar days after the end of the claiming month. Adjustments after the 60th day can be made by the state agency.

**Technical Assistance**: The NSLP meal pattern and other menu planning resources are available on the Minnesota Department of Education website at <a href="https://education.mn.gov/MDE/dse/FNS/SNP/qual/pat/">https://education.mn.gov/MDE/dse/FNS/SNP/qual/pat/</a>

Will begin to use a unitized breakfast meal to ensure a reimbursable meal is being taken by all students.

Will also implement use of a sharing table for those students that don't want all the items. (for example milk)

The claim had not been completed for July, so 5 breakfasts were taken out of the daily count for the day of review and not included in the reimbursement.

Sheila Oak, Food Service Director Duluth ISD #709 Sponsoring Authority ID Number: 1000003456 SFSP Administrative Review Report

Dear Sheila Oak:

Thank you for the courtesy and cooperation received during the administrative review of your Summer Food Service Program (SFSP). The purpose of the review was to assess your organization's administration of the SFSP and provide technical assistance in program areas requiring support. Program areas that are not in compliance with SFSP regulations are designated by a finding in the attached Summer Food Service Program Review Report.

In the attached review report, sponsor level findings are summarized first, followed by findings for each site, as applicable, where a meal service was observed. Type your corrective action response to the findings to thoroughly describe the action taken regarding each finding. Include all the processes and/or procedures that will be or have been implemented. List all persons and their titles who will be involved in correcting the finding and maintaining the corrective action. Provide the date when corrective action was or will be implemented. If needed, include supporting documentation in your response that validates the corrective actions you have implemented or will implement. Submit corrective actions to me by Tuesday, August 20<sup>th</sup>.

Findings from this review resulted in adjustments to meal counts and/or claims for reimbursement as indicated in the review report. A Sponsoring Authority has the right to appeal the denial of all or part of claims for reimbursement or the withholding of payment arising from an administrative review or follow-up review. To request an appeal, follow the instructions in the appeal procedure found on MDE's website at <a href="https://education.mn.gov/MDE/dse/FNS/SFSP/App/">https://education.mn.gov/MDE/dse/FNS/SFSP/App/</a>. If your sponsorship does not request an appeal, claims for reimbursement must be adjusted by your sponsorship or will be adjusted by the state agency, as indicated in the review report, and funds recovered.

It was a pleasure working with you and your staff. If you have any questions regarding this administrative review or the review findings, please contact me at Natasha.Lemke@state.mn.us or by phone at (651) 582-8264.

Sincerely,

#### 621 LITERACY AND THE READ ACT

[Note: By the 2026-2027 school year, the school district must provide evidence-based reading instruction through a focus on student mastery of the foundational reading skills of phonemic awareness, phonics, and fluency, as well as the development of oral language, vocabulary, and reading comprehension skills. Students must receive evidence-based instruction that is proven to effectively teach children to read, consistent with Minnesota Statutes, sections 120B.1117 to 120B.124.]

#### I. **PURPOSE**

This policy aligns with Minnesota law established in the Read Act and on other topics related to reading.

#### II. **GENERAL STATEMENT OF POLICY**

The school district recognizes the centrality of reading in a student's educational experience.

#### III. **DEFINITIONS**

- Α. "Evidence-based" means the instruction or item described is based on reliable, trustworthy, and valid evidence and has demonstrated a record of success in increasing students' reading competency in the areas of phonological and phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Evidence-based literacy instruction is explicit, systematic, and includes phonological and phonemic awareness, phonics and decoding, spelling, fluency, vocabulary, oral language, and comprehension that can be differentiated to meet the needs of individual students. Evidence-based instruction does not include the three-cueing system, as defined in subdivision 16.
- В. "Fluency" means the ability of students to read text accurately, automatically, and with proper expression.
- C. "Foundational reading skills" includes phonological and phonemic awareness, phonics and decoding, and fluency. Foundational reading skills appropriate to each grade level must be mastered in kindergarten, grade 1, grade 2, and grade 3. Struggling readers in grades 4 and above who do not demonstrate mastery of grade-level foundational reading skills must continue to receive explicit, systematic instruction to reach masterv.
- D. "Literacy specialist" means a person licensed by the Professional Educator Licensing and Standards Board as a teacher of reading, a special education teacher, or a kindergarten through grade 6 teacher, who has completed professional development approved by the Minnesota Department of Education (MDE) in structured literacy. A literacy specialist employed by the department under Minnesota Statutes, section 120B.123, subdivision 7, or by a district as a literacy lead, is not required to complete the approved training before August 30, 2025.
- E. "Literacy lead" means a literacy specialist with expertise in working with educators as adult learners. A district literacy lead must support the district's implementation of the Read Act; provide support to school-based coaches; support the implementation of structured literacy, interventions, curriculum delivery, and teacher training; assist with the development of personal learning plans; and train paraprofessionals and other

support staff to support classroom literacy instruction. A literacy lead may be employed by one district, jointly by two or more districts, or may provide services to districts through a partnership with the regional service cooperatives or another district.

- F. "Multitiered system of support" or "MTSS" means a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental, and academic outcomes for every student. The MTSS framework provides access to layered tiers of culturally and linguistically responsive, evidence-based practices and relies on the understanding and belief that every student can learn and thrive. Through a MTSS at the core (Tier 1), supplemental (Tier 2), and intensive (Tier 3) levels, educators provide high quality, evidence-based instruction and intervention that is matched to a student's needs; progress is monitored to inform instruction and set goals and data is used for educational decision making.
- G. "Oral language," also called "spoken language," includes speaking and listening, and consists of five components: phonology, morphology, syntax, semantics, and pragmatics.
- H. "Phonemic awareness" means the ability to notice, think about, and manipulate individual sounds in spoken syllables and words.
- I. "Phonics instruction" means the explicit, systematic, and direct instruction of the relationships between letters and the sounds they represent and the application of this knowledge in reading and spelling.
- J. "Progress monitoring" means using data collected to inform whether interventions are working. Progress monitoring involves ongoing monitoring of progress that quantifies rates of improvement and informs instructional practice and the development of individualized programs using state-approved screening that is reliable and valid for the intended purpose.
- K. "Reading comprehension" means a function of word recognition skills and language comprehension skills. It is an active process that requires intentional thinking during which meaning is constructed through interactions between the text and reader. Comprehension skills are taught explicitly by demonstrating, explaining, modeling, and implementing specific cognitive strategies to help beginning readers derive meaning through intentional, problem-solving thinking processes.
- L. "Structured literacy" means an approach to reading instruction in which teachers carefully structure important literacy skills, concepts, and the sequence of instruction to facilitate children's literacy learning and progress. Structured literacy is characterized by the provision of systematic, explicit, sequential, and diagnostic instruction in phonemic awareness, phonics, fluency, vocabulary and oral language development, and reading comprehension.
- M. "Three-cueing system," also known as "meaning structure visual (MSV)," means a method that teaches students to use meaning, structure and syntax, and visual cues when attempting to read an unknown word.
- N. "Vocabulary development" means the process of acquiring new words. A robust vocabulary improves all areas of communication, including listening, speaking, reading, and writing. Vocabulary growth is directly related to school achievement and is a strong predictor for reading success.

### IV. READING SCREENER; PARENT NOTIFICATION AND INVOLVEMENT

A. The school district must administer an approved evidence-based reading screener to students in kindergarten through grade 3 within the first six weeks of the school year,

621-2 331

and again within the last six weeks of the school year. The screener must be one of the screening tools approved by the Minnesota Department of Education (MDE).

- B. The school district must identify any screener it uses in the district's annual literacy plan, and submit screening data with the annual literacy plan by June 15.
- C. Schools, at least biannually after administering each screener, must give the parent of each student who is not reading at or above grade level timely information about:
  - the student's reading proficiency as measured by a screener approved by MDE;
  - 2. reading-related services currently being provided to the student and the student's progress; and
  - 3. strategies for parents to use at home in helping their student succeed in becoming grade-level proficient in reading in English and in their native language.
- D. The school district may not use this section to deny a student's right to a special education evaluation.

### V. IDENTIFICATION AND REPORT

- A. Students enrolled in kindergarten, grade 1, grade 2, and grade 3, including multilingual learners and students receiving special education services, must be universally screened for mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, oral language, and for characteristics of dyslexia as measured by a screening tool approved by MDE. The screening for characteristics of dyslexia may be integrated with universal screening for mastery of foundational skills and oral language.
- B. The school district must submit data on student performance in kindergarten, grade 1, grade 2, and grade 3 on foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language to MDE in the annual local literacy plan submission due on June 15.
- C. Students in grades 4 and above, including multilingual learners and students receiving special education services, who do not demonstrate mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language, must be screened using a screening tool approved by MDE for characteristics of dyslexia and must continue to receive evidence-based instruction, interventions, and progress monitoring until the students achieve grade-level proficiency. A parent, in consultation with a teacher, may opt a student out of the literacy screener if the parent and teacher decide that continuing to screen would not be beneficial to the student. In such limited cases, the student must continue to receive progress monitoring and literacy interventions.
- D. Reading screeners in English, and in the predominant languages of school district students where practicable, must identify and evaluate students' areas of academic need related to literacy. The school district also must monitor the progress and provide reading instruction appropriate to the specific needs of multilingual learners. The school district must use an approved, developmentally appropriate, and culturally responsive screener and annually report summary screener results to the MDE Commissioner by June 15 in the form and manner determined by the MDE Commissioner.
- E. The school district must include in its literacy plan a summary of the district's efforts to screen, identify, and provide interventions to students who demonstrate

621-3

characteristics of dyslexia as measured by a screening tool approved by MDE. With respect to students screened or identified under paragraph (a), the report must include:

- 1. a summary of the school district's efforts to screen for dyslexia;
- 2. the number of students universally screened for that reporting year;
- the number of students demonstrating characteristics of dyslexia for that year;
   and
- 4. an explanation of how students identified under this subdivision are provided with alternate instruction and interventions under Minnesota Statutes, section 125A.56, subdivision 1.

### VI. INTERVENTION

- A. For each student identified under the screening identification process, the school district shall provide reading intervention to accelerate student growth and reach the goal of reading at or above grade level by the end of the current grade and school year.
- B. The school district must implement progress monitoring, as defined in Minnesota Statutes, section 120B.1118, for a student not reading at grade level.
- C. The school district must use evidence-based curriculum and intervention materials at each grade level that are designed to ensure student mastery of phonemic awareness, phonics, vocabulary development, reading fluency, and reading comprehension. Starting July 1, 2023, if the school district purchases new literacy curriculum, or literacy intervention or supplementary materials, the curriculum or materials must be evidence-based as defined in Minnesota Statutes, section 120B.1118.
- D. If a student does not read at or above grade level by the end of the current school year, the school district must continue to provide reading intervention until the student reads at grade level. School district intervention methods shall encourage family engagement and, where possible, collaboration with appropriate school and community programs that specialize in evidence-based instructional practices and measure mastery of foundational reading skills, including phonemic awareness, phonics, decoding, fluency, and oral language.
- E. By the 2025-2026 school year, intervention programs must be taught by an intervention teacher or special education teacher who has successfully completed training in evidence-based reading instruction approved by MDE. Intervention may include but is not limited to requiring student attendance in summer school, intensified reading instruction that may require that the student be removed from the regular classroom for part of the school day, extended-day programs, or programs that strengthen students' cultural connections.
- F. The school district must determine the format of the personal learning plan in collaboration with the student's educators and other appropriate professionals. The school must develop the learning plan in consultation with the student's parent or guardian. The personal learning plan must include targeted instruction that is evidence-based and ongoing progress monitoring, and address knowledge gaps and skill deficiencies through strategies such as specific exercises and practices during and outside of the regular school day, group interventions, periodic assessments or screeners, and reasonable timelines. The personal learning plan may include grade retention, if it is in the student's best interest; a student may not be retained solely due to delays in literacy or not demonstrating grade level proficiency. A school must maintain and regularly update and modify the personal learning plan until the student

621-4 533

reads at grade level. This paragraph does not apply to a student under an individualized education program.

### VII. LOCAL LITERACY PLAN

- A. The school district must adopt a local literacy plan to have every child reading at or above grade level every year beginning in kindergarten and to support multilingual learners and students receiving special education services in achieving their individualized reading goals. The school district must update and submit the plan to the Commissioner of MDE by June 15 each year. The plan must be consistent with the Read Act, and include the following:
  - 1. a process to assess students' foundational reading skills, oral language, and level of reading proficiency and the screeners used, by school site and grade level, under Minnesota Statutes, section 120B.123;
  - a process to notify and involve parents;
  - a description of how schools in the school district will determine the targeted reading instruction that is evidence-based and includes an intervention strategy for a student and the process for intensifying or modifying the reading strategy in order to obtain measurable reading progress;
  - 4. evidence-based intervention methods for students who are not reading at or above grade level and progress monitoring to provide information on the effectiveness of the intervention;
  - 5. identification of staff development needs, including a plan to meet those needs;
  - 6. the curricula used by school site and grade level;
  - 7. a statement of whether the school district has adopted a MTSS framework;
  - 8. student data using the measures of foundational literacy skills and mastery identified by MDE for the following students:
    - a. students in kindergarten through grade 3;
    - b. students who demonstrate characteristics of dyslexia; and
    - students in grades 4 to 12 who are identified as not reading at grade level; and
  - 9. the number of teachers and other staff that have completed training approved by the department.
- B. The school district must post its literacy plan on the official school district website and submit it to the Commissioner of MDE using the template developed by the Commissioner beginning June 15, 2024.

#### **VIII. STAFF TRAINING**

A. Beginning July 1, 2024, a school district must provide access to the training required under Minnesota Statutes, section 120B.123, subdivision 5, to:

621-5 634

- intervention teachers working with students in kindergarten through grade 12;
- 2. all classroom teachers of students in kindergarten through grade 3 and children in prekindergarten programs;
- 3. special education teachers;
- 4. curriculum directors;
- 5. instructional support staff who provide reading instruction; and
- 6. employees who select literacy instructional materials for a district.
- B. The school district must provide training from a menu of approved evidence-based training programs to all reading intervention teachers, literacy specialists, and other teachers and staff identified in Minnesota Statutes, section 120B.12, subdivision 1, paragraph (b), by July 1, 2025; and by July 1, 2027, to other teachers in the school district, prioritizing teachers who work with students with disabilities, English learners, and students who qualify for the graduation incentives program under Minnesota Statutes, section 124D.68. The Commissioner of MDE may grant a school district an extension to these deadlines.
- C. By August 30, 2025, the school district must employ or contract with a literacy lead, or be actively supporting a designated literacy specialist through the process of becoming a literacy lead. The school board may satisfy the requirements of this subdivision by contracting with another school board or cooperative unit under Minnesota Statutes, section 123A.24 for the services of a literacy lead by August 30, 2025. The school district literacy lead must collaborate with school district administrators and staff to support the school district's implementation of requirements under the Read Act.

### IX. STAFF DEVELOPMENT

- A. The school district must provide training programs on evidence-based reading instruction to teachers and instructional staff in accordance with subdivision 1, paragraph (b). The training must include teaching in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, reading comprehension, and culturally and linguistically responsive pedagogy.
- B. The school district shall use the data under Article V. above to identify the staff development needs so that:
  - 1. elementary teachers are able to implement explicit, systematic, evidence-based instruction in the five reading areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension with emphasis on mastery of foundational reading skills as defined in Minnesota Statutes, section 120B.1118 and other literacy-related areas including writing until the student achieves grade-level reading and writing proficiency;
  - 2. elementary teachers have sufficient training to provide students with evidence-based reading and oral language instruction that meets students' developmental, linguistic, and literacy needs using the intervention methods or programs selected by the school district for the identified students;
  - 3. licensed teachers employed by the school district have regular opportunities to improve reading and writing instruction;
  - 4. licensed teachers recognize students' diverse needs in cross-cultural settings and are able to serve the oral language and linguistic needs of students who are multilingual learners by maximizing strengths in their native languages in

621-6 **7**35

- order to cultivate students' English language development, including oral academic language development, and build academic literacy; and
- 5. licensed teachers are well trained in culturally responsive pedagogy that enables students to master content, develop skills to access content, and build relationships.
- C. The school district must provide staff in early childhood programs sufficient training to provide children in early childhood programs with explicit, systematic instruction in phonological and phonemic awareness; oral language, including listening comprehension; vocabulary; and letter-sound correspondence.

#### X. LITERACY INCENTIVE AID USES

The school district must use its literacy incentive aid to support implementation of evidence-based reading instruction. The following are eligible uses of literacy incentive aid:

- training for kindergarten through grade 3 teachers, early childhood educators, special education teachers, reading intervention teachers working with students in kindergarten through grade 12, curriculum directors, and instructional support staff that provide reading instruction, on using evidence-based screening and progress monitoring tools;
- 2. evidence-based training using a training program approved by MDE;
- 3. employing or contracting with a literacy lead, as defined in Minnesota Statutes, section 120B.1118;
- 4. materials, training, and ongoing coaching to ensure reading interventions under Minnesota Statutes, section 125A.56, subdivision 1, are evidence-based; and costs of substitute teachers to allow teachers to complete required training during the teachers' contract day.

For example, some school districts may provide that transportation shall be provided for all resident elementary students who reside one mile or more from the school.]

The School District's responsibility is to provide transportation as a service for those students that are eligible based on both service area criteria and behavior expectations.

Student eligibility for transportation will be based on the distance of the student's

residence, child care facility, or Key Zone site (which the child is attending on a permanent and regularly scheduled basis) from the school to which the pupil is assigned and the grade level of the student.

The School Board has established the following criteria:

Grade Level Distance from Residence to School Elementary 0.7 of a mile or more

Middle 1.5 miles or more 1 mile
High 2.0 miles or more 1 mile

Students eligible for transportation may be required to walk the same distance to a school bus stop that non-transported students are required to walk to his/her school.

Parents will assume responsibility of transporting children to and from their home to the permanent, full-time child care facility and Key Zone sites. Special transportation will be handled on an individual basis for students with disabilities.

The School District will provide transportation for students when, in the opinion of the Traffic Hazard Safety Committee, conditions between the child's home and school of attendance create a hazard to the walking child, recognizing the child's age as a factor in this consideration. Questions pertaining to eligibility for transportation due to safety concerns should be referred in writing to the Traffic Hazard Safety Committee.

The Traffic Hazard Safety Committee shall consist of the Transportation Manager, the appropriate principal, the School Patrol Safety Officer of the Duluth Police Department, the Transportation Supervisor, a School Board Member, a representative from Voyageur Bus Company, and any others the Superintendent may designate.

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation. (Minn. Stat. § 123B.88, Subd. 10, 11, 12, and 13)
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

#### 725R BIDS / QUOTES / REQUESTS FOR PROPOSALS (RFP'S)

Current contract limits as defined by uniform municipal contracting law.

Minn. Stat. § 471.345, the Uniform Municipal Contracting Law, was established to provide dollar limits for all municipalities upon contracts which shall or may be entered into on the basis of competitive bids, quotations, or purchase or sale in the open market. Vendors may now submit bids, quotations, and proposals electronically in a form and manner required by the municipality. Minn. Stat. § 471.345, subd. 18. Generally, the following thresholds apply:

1. Contracts over \$175,000 or over

If the amount of the contract is estimated at or to exceed \$175,000, sealed bids shall be solicited by public notice in the manner and subject to the requirements of the law governing contracts by the particular municipality or class thereof.

2. Contracts from \$25,001 to \$174,999

If the amount of the contract is estimated to be at or exceed \$25,000 but not to exceed \$174,999, the contract may be made either upon sealed bids or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.

3. For contracts of \$25,0000 or less

If the amount of the contract is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market. If the contract is made upon quotation it shall be based , so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt thereof.

In addition, Minn. Stat. § 471.345, subds. 16 and 17, allow school districts to purchase supplies, materials, and equipment using an electronic reverse auction process; and to sell supplies, materials, and equipment which is surplus, obsolete, or unused using an electronic selling process.

Best value procurement is a process based on competitive proposals (as an alternative to bids) that awards the contract to "the vendor or contractor offering the best value, taking into account the specifications of the request for proposals, the price and performance criteria as set forth in Minn. Stat. § 16C.28, subd. 1b, and described in the solicitation document." Minn. Stat. § 16C.28, subd. 1(a)(2). Before administering best value procurement procedures, personnel must be trained in the best value RFP process. See Minn. Stat. § 16C.28, subd. 1d.

All Requests for Proposals must be approved by the School Board.

#### **HR Department Updates:**

The HR team, along with Finance started Site Staffing/Budget review meetings in October and have only three sites remaining.

In October, HR leadership staff attended the Minnesota Association of School Personnel Administrators (MASPA) Fall Conference, gaining valuable insights into the latest legal updates regarding Earned Safe and Sick Time (ESST) and Minnesota Unemployment Laws. The conference also provided dedicated time to explore culturally competent leadership practices and strategize on their implementation within our district. This event served as an excellent networking opportunity, allowing our leaders to connect with fellow HR professionals from across the state.

On October 14, All HR staff members attended professional development training at Denfeld HIgh School. The training focused on cultural competency and inclusion. Staff attended training on such topics as Cultural Definitions and Behaviors, Inclusion Mobility Museum, Ojibwe Faces and Stories, Connections Between Ablesign and Equity in Special Education, Ojibwe Language, A Conversation with ISD709 Family and Community Outreach Specialist.

On November 14, members of the HR team will attend the Duluth Chamber of Commerce's Diversity, Equity, and Inclusion (DEI) workshop on November 14th. This workshop will offer guidance on how our business community can support and uplift Indigenous-led organizations and provide valuable insights into local Indigenous culture.

#### **Benefits Updates:**

The Benefits Department is currently running Open Enrollment for dental, vision, and FSA plans. Open Enrollment is from 11/4 through 11/15.

At the end of October, our District hosted 3 sessions for our retired employees who are members of the Medicare plans the District offers. These sessions covered the change of insurance carriers and changes to Medicare for 2025.

The Department hosted a Financial Planning Night in partnership with Aviben and EFS to educate our employees on the benefits of an FSA, how to use their HRA, and 403b/retirement savings information.

Starting in early December, employees who utilize their Calm subscription will be able to participate in a program called "Ground Yourself During Stressful Times". This is a 1-week program offered through the Calm app with daily curated meditations specifically about change, uncertainty, and holiday stress. Employees will be sent an announcement email as well as push notifications from Calm to participate.

The first Retirement Information Session for employees looking to retire this year will be held on November 25, 2024 from 4:00pm to 5:00pm.

# Child Nutrition Report October 2024

### **Super Snack Afterschool Program**

The afterschool meal program at Denfeld was started in October and matches the afterschool DASH program. The average number of students grabbing a bite to eat is around 75 per afternoon.

#### **Farm to School Month**

In support of Farm to School Month in Minnesota we purchased and featured Honeycrisp apples, Local Lettuce and Romaine mixes, Acorn squash, local tomatoes and other fresh produce as available to us.

We also took part in the Great Lakes Apple Crunch on October 10<sup>th</sup>. Anyone that wants to can crunch into an apple at lunch time. We had a special guest this year, Johnny Appleseed! Child Nutrition Equipment Technician, Ken Witte, dressed up and spread coloring book pages and stickers at a few of the elementary schools over the meal time. Here he is with the Cafeteria crew at Piedmont. He was very well received and even was asked for his autograph.

## Fresh Fruit and Vegetable Program

This grant program was again awarded to Myers Wilkins Elementary School and was started in October. The students will get exposure to a variety of Fruits and Vegetables they might not get at home, as well as a midday snack. The grant works with the Community School collaborative to be able to provide this service to students.

# Transportation Report November 2024 Activities

The ISD #709 Transportation department manages both a district owned fleet of vehicles and district employees, including bus drivers, monitors, and mechanics, along with the coordination of contracted transportation services through Voyageur Bus Company.

We have continued working on routing students. This is an ongoing effort as students' needs change. We are also working through the behavioral issues on buses with students. We have pulled a lot of video footage to share with the schools so they can address the concerns. Drivers have provided numerous misconduct reports already this year.

#### Staffing (comments and concerns)

- We are making due with the staff we have but still need more drivers and helpers.
- We have will be interviewing for a van driver shortly, we had good interest in the position.
- We will be posting for another full-time bus driver as well.

#### **Bus Maintenance**

The mechanics are maintaining the buses when they are not out covering for sick drivers.

Our oldest bus is a model year 2012 and the next oldest is a 2014. Average mileage for this month is 86522. Our goal is to have 50-60k miles average.

#### State and Local Government Addendum

Reference: Application No. 956325

This State and Local Government Addendum (this "<u>Addendum</u>") is made part of the Agreement related to the above referenced application number ("Agreement") between **LEAF Capital Funding**, **LLC** ("<u>we</u>" "<u>us</u>" and "<u>ours</u>") and <u>ISD709 Duluth Publics School</u> ("<u>you</u>" and "<u>your</u>"). Capitalized terms used but not defined will have the meaning given to them in the Agreement. If there is any conflict between the terms of this Addendum and the terms of the Agreement, the terms of this Addendum will control and prevail. The parties hereby agree as follows:

- 1. Funding Intent. You reasonably believe that funds can be obtained sufficient to make all Payments set forth in the Agreement and any other amounts owed during the term of the Agreement. You agree that your chief executive or administrative officer (or your administrative office that has the responsibility of preparing the budget submitted to your governing body, as applicable) will provide for funding for such payments in your annual budget request submitted to your governing body. You covenant that you will do all things lawfully within your power to obtain, maintain and properly request and pursue funds from which the Payments may be made, including making provisions for such payments to the extent necessary in each budget submitted for the purpose of obtaining funding, using your best efforts to have such portion of the budget approved and exhausting all available administrative reviews and appeals in the event such portion of the budget is not approved. If your governing body chooses not to appropriate funds for such payments, you agree that your governing body will evidence such nonappropriation by omitting funds for such payments due during the applicable fiscal period from the budget that it adopts. You and we agree that your obligation to make payments under the Agreement will be your current expense and will not be interpreted to be a debt in violation of applicable law or constitutional limitations or requirements. Nothing contained in the Agreement will be interpreted as a pledge of your general tax revenues, funds or moneys.
- 2. Nonappropriation of Funds. If (a) sufficient funds are not appropriated and budgeted by your governing body in any fiscal period for Payments set forth in the Agreement or any other amounts owed to us and (b) you have exhausted all funds legally available for such payments due under the Agreement (together, a "Non-Appropriation Event"), then you will give us not less than ninety (90) days written notice (a "Termination Notice") and the Agreement will terminate as of the last day of your fiscal period for which funds for such payments are available ("Termination Date"). Such termination is without any expense or penalty, except for the portions of such payments and those expenses associated with your return of the Equipment in accordance with the Agreement for which funds have been budgeted or appropriated or are otherwise legally available. You agree that, to the extent permitted by law, you will not terminate the Agreement if any funds are appropriated by you or to you for the acquisition or use of equipment or services performing functions similar to the Equipment during your fiscal period in which such termination would occur. You shall (i) on or before the Termination Date, return the Equipment in accordance with the return requirements set forth in the Agreement, (ii) provide in the Termination Notice a certification of a responsible official that a Non-Appropriation Event has occurred, (iii) deliver to us, upon our request, an opinion of your counsel (addressed to us) verifying that the Non-Appropriation Event as set forth in the Termination Notice has occurred, and (iv) pay us all sums payable to us under the Agreement up to and including the Termination Date. You acknowledge and agree that, in the event of the termination of the Agreement and the return of the Equipment as provided for herein, you shall have no interest whatsoever in the Equipment or proceeds thereof and we shall be entitled to retain for our own account the proceeds resulting from any disposition or releasing of the Equipment along with any advance rentals, security deposits or other sums previously paid by you pursuant to the terms of the Agreement.
- 3. <u>Authority and Authorization</u>. You represent and agree that: (a) you are a state or a political subdivision or agency of a state; (b) the entering into and performance of the Agreement is authorized under your state laws and Constitution and does not violate or contradict any judgment, law, order, or regulation, or cause any default under any agreement to which you are party; (c) you have complied with all bidding requirements and, where necessary, have properly presented the Agreement for approval and adoption as a valid obligation on your part; and (d) you have sufficient appropriated funds or other moneys available to pay all amounts due under the Agreement for your current fiscal period. Upon our request, you agree to provide us with an opinion of counsel as to clauses (a) through (d) above, an incumbency certificate, and other documents that we request, with all such documents being in a form satisfactory to us.

- 4. Government Use. You agree that (a) you will comply with all information reporting requirements of the Internal Revenue Code of 1986, as amended, including but not limited to the execution and delivery to us of information statements requested by us, and (b) the use of the Equipment is essential for your proper, efficient and economic operation, you will be the only entity to use the Equipment during the term of the Agreement and you will use the Equipment only for your governmental purposes. Upon our request you will provide us with an essential use letter in a form satisfactory to us as to clause (b) above.
- 5. <u>Insurance</u>. You agree to provide and maintain at your own expense (a) property insurance against the loss, theft, destruction of, or damage to, the Equipment for its full replacement value, naming us as loss payee, and (b) public liability and third party property insurance, naming us as an additional insured. You will give us certificates or other evidence of such insurance on the Equipment at such times as we request. All insurance obtained from a third party insurer will be in a form, amount and with companies acceptable to us, and will provide that we will be given 30 days' advance notice of any cancellation or material change of such insurance. If you do not provide us with proof of such insurance, we may secure insurance on the Equipment to cover our interests (and only our interests). If we obtain such insurance, you will pay us an additional amount for the cost of such insurance and an administrative fee, the cost of which may be more than the cost to obtain your own insurance and on which we may make a profit.
- **6.** <u>Indemnification</u>. With respect to any claims, actions, or suits that are made against us as a result of your actions, omissions, negligence or willful misconduct ("<u>Claims</u>"), to the extent permitted by law, you agree to reimburse us for, and if we request, defend us against, any such Claims.
- 7. <u>Choice of Law</u>. Regardless of any conflicting provision in the Agreement, THE AGREEMENT WILL BE GOVERNED BY THE LAWS OF THE STATE IN WHICH YOU ARE LOCATED.
- 8. This Addendum supplements and amends the Agreement only to the extent and in the manner set forth, and in all other respects, the Agreement will remain in full force and effect.

IN WITNESS WHEREOF the parties hereto, by their authorized signatories, have executed this Addendum at the date set forth below their respective signatures.

RE: Lester Park Foundation's award to ISD 709 for Part-Time Spanish Club Coordinator

ATTN: Shannon Brown and ISD 709 School Board

SUBJECT: The below cost defines the award given to ISD 709 to support a part-time coordinator for Lester Park Elementary's afterschool Spanish Club.

Lester Park Foundation (LPF) is a non-profit foundation that seeks to support, enhance, and enrich educational experience and opportunities for all students at Lester Park Elementary School. In the spring of 2023, the LPF piloted a Spanish Club program. The pilot was able to accommodate 39 kids from across grades K - 5, but 68 kids were waitlisted. With the success of the initial pilot, we expect interest and demand to grow this upcoming year. The pilot had a capacity issue: it was dependent on two people from the LPF to manage the program and two student teachers from UMD with limited availability. To ensure a sustainable and robust program that can meet student interest, this grant to the district of \$4300 serves to hire a part-time program coordinator that will both manage the logistics and teach the after-school clubs.

### **Program Details**

Two six-week sessions:

- October 23rd December 8th (no club the week of Thanksgiving break)
- March 4th April 12th
   Lester Park Foundation will support the school in hiring and training

### LPF Grant Breakdown to District

- Up to 60 hours of program coordination and teaching prep time at \$20 an hour: \$1200 per year
- Up to three classes per day, 2:15 4:30pm at \$20/hr, for a Fall and Spring sessions: \$2700 per year
  - 11.25 hours a week for six weeks = up to 67.5 teaching hours per session
  - o Could accommodate up to 225 kids for a once a week session
- Materials and Supplies: \$400 per year
- Grant Total: \$4300

### Benefit to Lester Park Elementary School and ISD 709 District:

- Increase language enrichment
- Increase cultural enrichment
- Expands after-school program options
- Could serve as a model for other schools looking to expand foreign language options

There will be no overheard or indirect costs associated with the above award; this award may only be used for funding the coordinator position and costs associated with the coordinator running the Spanish Club (e.g., club materials).

This grant is annual and can be renewed upon agreement with the Lester Park Foundation.

If there are any questions or any additional need, please let me know.

Sincerely,

Jon Benson
