NOTIFICATION TO PARENTS ON BLOOD-BORNE PATHOGENS

The District is subject to Federal and State regulations to restrict the spread of hepatitis B virus (HBV) and human immune deficiency virus (HIV) in the workplace. These regulations are designed to protect employees of the District who are, or could be exposed to blood or other contaminated bodily fluids while performing their job duties. Because of the very serious consequences of contracting HBV or HIV, the District is committed to taking the necessary precautions to protect both students and staff from its spread in the school environment. Part of the mandated procedures includes a requirement that the District request the person who was bleeding to consent to be tested for HBV and HIV. The law does not require parents or guardians to grant permission for the examination of their child's blood, but it does require the District to request that consent. Although we expect that incidents of exposure will be few we wanted to notify parents of these requirements ahead of time. That way, if the situation does develop you will understand the reason for our request and will have had an opportunity to consider it in advance. These are serious diseases, and we sincerely hope that through proper precautions and cooperation we can prevent them from spreading. If you have any questions or concerns, please contact the Academy Director.

IMMUNIZATIONS

For a student entering the District for the first time and entering 7th grade, a parent must provide the school with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the school an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time and upon entering 7th

grade. A student may not attend school unless the parent provides evidence of immunizations or exemptions consistent with school policy and state law.

STUDENT RIGHTS AND RESPONSIBILITIES

Individual rights relate to individual responsibilities and must be seen in relation to the safety, health and welfare of all students in each school. Expectations of student conduct should be kept within the bounds of reasonable behavior expected of all members of the community. Students should have freedom and encouragement to express their individuality in school, as long as their conduct does not intrude upon the freedom of others. This applies especially to the freedom of fellow students to receive instruction. There must be a balance between individual freedom and the orderly operation of a classroom. All students should recognize the consequences of their language, manners, and actions toward each other and school staff. Students need to understand that they benefit from an orderly school operation and, as members of the school community, acknowledge their responsibility to promote a good learning environment. If a student feels unsafe or is threatened, the student or their parent/guardian should contact the director.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal Individuals with Disabilities Education Act (IDEA) and State law. Contact the AEA at (989) 343-9070 to inquire about evaluation procedures and programs.

ELECTRONIC DEVICES

Electronic communication devices may be used during break time and during lunch. These devices are not necessary in school, but rather, a privilege. In the event that any device creates a disturbance to the educational process (i.e. phone calls, texting, use of social media, video calls, etc...) the device may be confiscated until the parent is able to come to the school to discuss the matter. If a second infraction occurs, further disciplinary action will be taken.

Phone calls may not be taken in the classroom. We ask that parents refrain from making cell phone calls, sending emails, text messages or instant messages to students during learning time. If you need to reach your child during the school day, you may call the school at (989) 343-9070 (West Branch) or (989) 426-8571 (Gladwin).

CODE OF STUDENT CONDUCT

The Alternative Educational Academy is dedicated to creating and maintaining a positive learning environment for all students. Teachers, administrators, parents, and students must assume a responsible role in promoting behavior that enhances academic and social success. Courteous,

respectful, and responsible behavior fosters a positive climate for the learning community. The Code of Student Conduct sets forth student rights and responsibilities while at school and school-related activities, and the consequences for violating school rules. When determining the appropriate response to student misconduct, school officials may use intervention strategies and/or disciplinary actions, depending upon the severity or repetition of misconduct; age and grade level of the student; circumstances surrounding the misconduct; impact of the student's misconduct on others in the school community, and any other relevant factors.

WHEN AND WHERE THE CODE OF STUDENT CONDUCT APPLIES:

The Code of Student Conduct applies before, during, and after school:

- When a student is at school.

"At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle (including public transit transportation to/from school), or at a school-sponsored activity or event, whether or not it is held on AEA or other school premises;

- When a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school district staff; and
- When a student is using school telecommunications networks, accounts, or other district services.

VIOLATIONS OF THE CODE OF STUDENT CONDUCT:

Student misconduct is classified into three levels. The definitions of misconduct at each level are not all-inclusive, but only representative and illustrative. A student who commits an act of misconduct not listed herein is nonetheless subject to disciplinary action. Ultimately, the Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

School district staff may use intervention strategies such as teacher/student conferences, auxiliary staff/student intervention, and teacher/parent/guardian contacts for Level I and Level II violations. The staff will refer Level III violations directly to school administrator, because of the serious and/or unlawful nature of the misconduct. At the option of school administrators, a student accused of any violation of the Code of Student Conduct may be referred to a social worker or counselor, in conjunction with or in lieu of other disciplinary procedures. Where the misconduct is subject to mandatory discipline under state law, however, the school board will act to impose any mandatory sanctions.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and

7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

SEPARATION FROM LEARNING LAB:

A separation from the learning lab occurs when a student is separated for one (1) school day, up to and including (10) school days and may not physically attend any of the AEA learning labs. During a separation from school, the student is expected to continue attending virtually in their online courses from another location.

SHORT-TERM SUSPENSION:

A short-term suspension occurs when a student is suspended for one (1) school day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended.

LONG-TERM SUSPENSION:

A long-term suspension is when a student is suspended for more than ten (10) school days but fewer than sixty (60) days. During a long-term suspension, the student's rights and privileges of attending school, including extracurricular activities, are suspended.

EXPULSION:

An expulsion occurs when the school district's board of education removes the student from school for sixty (60) or more school days.

Depending on severity or repetition, a Level I violation may be reclassified as a Level II or Level III violation.

Maintaining Class Progress

When appropriate in the judgment of the director, a suspended or expelled student may maintain academic progress under the terms and conditions set forth by the teacher.

DUE PROCESS PROCEDURES

Short-Term Suspension

Except in extraordinary circumstances, alleged violations of the Code of Student Conduct are initially

handled at the student's school. If a short-term suspension is contemplated, the principal or assistant principal shall provide the student with oral or written notice of the charges or allegations, and an explanation of the evidence or basis for the charges. The student shall be given the opportunity to present an explanation or a differing statement of the facts.

If the misconduct is found, the assistant director may authorize disciplinary action in accordance with this Code of Student Conduct, including short-term suspensions. The student and parent/guardian shall be notified of the circumstances and action taken.

Long-Term Suspension or Expulsion

If recommended by the director, the school's board of education or its designee shall conduct a hearing to determine whether to impose a long-term suspension or expulsion.

The student and parent/guardian shall be notified of the allegation; the recommended disciplinary action; the time, date and location of the hearing; and of their right to attend and participate in the hearing.

The board of education or its designee shall conduct a hearing. The student shall be advised of the alleged violation and be given an explanation of the facts. The explanation may include the written or oral testimony of others.

At the request of the student or the student's parents, the board of education may meet in a closed session to "consider the dismissal, suspension, or disciplining of a student."

The student and parent/guardian may be represented at the hearing by an attorney or other adult at their own cost. Written or oral evidence may be presented at the hearing on behalf of the student.

After the hearing, the Board of Education or its designee shall issue a decision, including a determination of disciplinary action.

Appeal to Board of Education for Reconsideration

A student aggrieved by the decision of the Board of Education may, within five (5) days of receipt of the decision, petition the board of education for the opportunity to request review or reconsideration by the board or its designee. The petition shall be in writing and contain the reasons that the board or its designee's decision should be reviewed or reconsidered. The board of education may grant or deny the request for an appeal or request for reconsideration. If granted, the board shall notify the student in writing of the procedures to be used for the appeal or request for reconsideration.

Interviews of Students by Police or Other Public Agencies

The Alternative Educational Academy of Ogemaw County endeavors to cooperate with law enforcement agencies. Students may be interviewed in school by law enforcement officials. School officials will grant law enforcement interviews with a student after considering the (1) type of incident; (2) seriousness of the incident; (3) age and maturity of the student; (4) relationship of the incident to school and the educational process; and (5) whether time is of the essence.

When practical, school personnel will be present during the police interview, and an attempt will be made to contact the parent/guardian prior to the interview. If the student is a minor and the parent was not present during the interview, the parent/guardian will be notified by the director that an interview has taken place.

Notification to Law Enforcement Agencies

State law requires each school board to comply with the statewide school safety policy adopted by the Superintendent of Public Instruction, Attorney General, and Director of Michigan State Police on October 4, 1999. (MCL 380.1308). The statewide school safety policy requires

the following types of incidents occurring at school be reported to a local law enforcement agency:

Armed Student or Hostage Robbery or Extortion
Suspected Armed Student Unauthorized Removal of Student
Weapons on School Property Threat of Suicide
Death or Homicide, Suicide Attempt
Drive-By Shooting Larceny (Theft)

SEARCH AND SEIZURE

Student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials these items may be turned over to law enforcement.

BULLYING AND OTHER AGGRESSIVE BEHAVIOR

It is the policy of the AEA to provide a safe and nurturing educational environment for all of its students. This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including cyberbullying, hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Implementation

The Director is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Director. The student may also report concerns to a teacher who will be responsible for notifying the appropriate administrator or Board official. Complaints against the Assistant Director should be filed with the Superintendent of Losco RESA. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior toward a student. Reports shall be made to those indicated above. Reports may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

The Director or designee shall promptly investigate and document all complaints about bullying or aggressive behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit and should be completed within 3 school days after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will

result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Director. The Director shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the Academy Director a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School Director, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. The annual notification states that the Ogemaw Academy intends to forward records on request.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW
Washington, DC 20202-8520

The Freedom of Information Act (FOIA)

5 U.S.C. § 552, was enacted in 1966 and generally provides that: Any person has the right to request

access public records or information. All agencies of the U.S. Government are required to disclose records upon receiving a written request for them. Not all records can be made available; there are nine exemptions to the FOIA that protect certain records from disclosure. A government agency can charge a fee, but it must be limited to actual duplication, mailing and clerical labor costs. The Ogemaw Academy may require a good faith deposit at the time of request. The deposit shall not exceed ½ of the total cost. If a request for a record is denied, written notice of the denial will be provided to the requester within five days, or within 15 days under unusual circumstances. A failure to respond within the time limits, or a failure to respond at all, also amounts to a denial. When a request is denied, the public body must provide the requestor with a full explanation of the reasons for the denial and the requester's right to seek judicial review. The FOIA request form can be obtained by contacting the Alternative Educational Academy of Ogemaw County or a request can be sent to the attention of the FOIA Director:

Iosco RESA Superintendent, (989) 362-3006, ext. 130.

The student may not transfer files, shareware or other software from the Internet or electronic bulletin board services. The student will be liable to pay any costs or fees incurred as a result of any transfers without express permission from the director regardless of whether the transfer was intentional or accidental.
