

Thorne Bay School Board Report January 2019

Happy New Year from Thorne Bay School! We have completed a week in 2019 and the teachers and the students are off and running! Many of the students are competing in the annual "Battle of the Books" that will be on Wed. and Thurs. January 16th and 17th. The high school and middle school competition will be on Wed. and the elementary will compete on Thurs. We invite any of the board members to come and witness this fun learning event.

Our high school basketball team will be returning from Skagway and Yakutat this weekend. We want to congratulate them, they took 2nd in the tournament in Skagway and then beat Skagway and Yakutat each twice for the season play, they will play angoon at home on the 18th and 19th and will play 4 more home games in January. Come and see the Thorne Bay Wolverines in action!

Archery is in full swing with practices each Tuesday and Thursday evening and competitions planned for the upcoming months. We wish them well as they begin their competitions.

Our semester ends this coming Thursday and the students will be working hard to complete assignments and take tests to finish off their first semester classes.

The U.A.S. mining class will be starting on the 15th and we have six students signed up to take this class. The students will be able to get a high school credit as well as 3 college credits and they will be able to take a tour to Juneau to personally visit the mines. What a great opportunity this will be for those students.

Thanks for all your support!
