

Board Meeting Date: 5/5/2025

Title: Memorandum of Understanding Between Edina Public Schools and Education Minnesota/Edina (“EME”) relating to the Edina Virtual Pathway Program 2025-2026

Type: Consent

Presenter(s): Sonya Sailer, Executive Director of Human Resources

Background: The School District and Education Minnesota/Edina (EME) initially established a Memorandum of Understanding (MOU) to outline compensation and benefits for the launch of a Secondary Online Teaching Pilot Program—now known as Edina Virtual Pathway (EVP)—during the 2022-2023 school year. This MOU has been revised annually to reflect the ongoing development of the EVP program. For the 2025-2026 school year, both the District and EME have agreed that an additional MOU is necessary to support the EVP program’s continued implementation and evaluation. The proposed MOU maintains the existing per-student compensation rate, reduces the threshold for a fully-subscribed course from 21 to 20 students, and includes minor language updates to reflect current program needs.

Recommendation: Approve the MOU between Edina Public Schools and Education Minnesota/Edina relating to the Edina Virtual Pathway program for the 2025-2026 school year.

Attachment: MOU between Edina Public Schools and Education Minnesota/Edina relating to the Edina Virtual Pathway program for 2025-2026.
