Re: Board Report

We are sitting at the halfway point of the boys' basketball season. Both of our 7th and 8th grade teams are doing very well and representing Homedale and HMS proudly. We have the privilege of hosting the 8th grade tournament on the 22nd and 23rd, and the 7th/8th championship on the 24th at the high school. I am excited for the opportunity both of our teams have to represent Homedale in the SRV tournament this year. I look forward to seeing the 7th and 8th grade teams in the championship games at Homedale High School.

I had the opportunity to purchase new basketball uniforms for the 8th grade this year. I am excited for how they turned out and they look great on the boys. I have also purchased two full med-kits for traveling and home teams.
