Technology Department

Eric Conklin, Director of Technology

1:1 Laptops

- Less than 30 unpurchased laptops remain.

- Office 365 currently in use by staff and students. I will be providing Professional Development to staff on 1/7.

- Student email accounts in Office 365 rolling out.

- Google Apps for Education accounts set up and synchronized. Now distributing information to staff.

- Including Manage Mobility replacement, initial device troubleshooting & replacement continues to be time consuming.
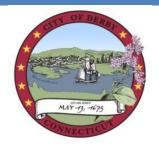

Ongoing/Other Projects

- Reviewing and responding to bids for e-rate form 470.

- Continuing work on importing NWEA data into Edgenuity & configuring nightly data imports.

- Setting up nightly imports from Powerschool into Destiny for school libraries.

- Updating and matching inventory for all technology devices in our schools and Central Office. Including matching any unscanned devices reported.

- 2015 CT Technology Grant due in February.

Ongoing/Other Projects

- Purchasing technology equipment for Preschool. Includes SMART Boards and computers for staff and students. Plan to be installed for State of the District.

- Continuing to upgrade computers at Bradley to support Eno Boards.

- Daily helpdesk request and troubleshooting as needed.

- Purchasing & installing new audio/video equipment for DHS auditorium.

- Professional Development and training for staff as needed.
