

# President's Report

January 2026

# Map Momentum to the Mission

As we begin the new year, this month's report focuses on **momentum, leadership, and strategic direction**: welcoming our newest vice president, highlighting Spring enrollment and academic year-end completion data, and positioning WCJC to enhance student success through our collaboration with the Aspen Institute.

New Vice President  
Introduction

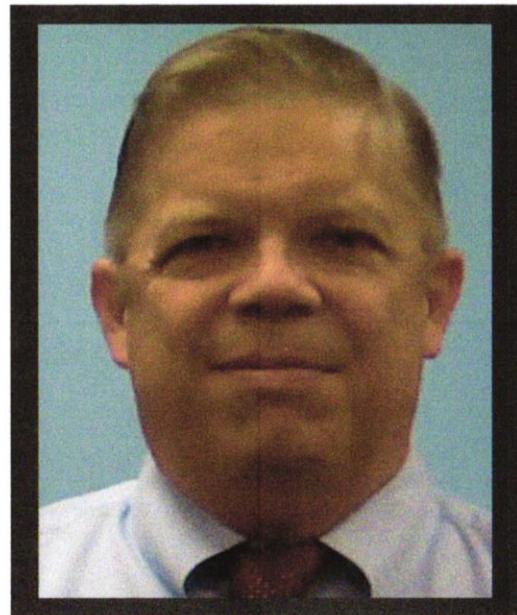

Spring Enrollment and Five-  
Year Completion Metrics

Aspen Board-CEO  
Collaborative Update

# Introductions

WCJC welcomes a new member to the Executive team:

**Mr. Scott Cunningham**  
Vice President of Finance and Administration

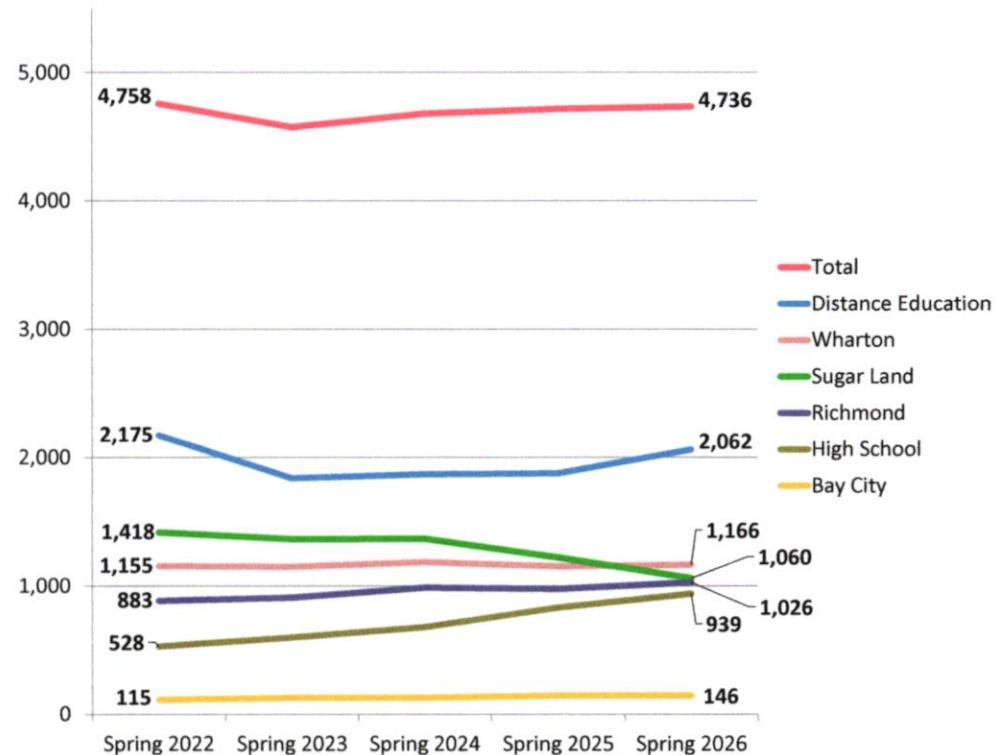

# Spring Enrollment

First-day enrollment for **Spring 2026** is holding **steady** compared to Spring 2025, reflecting stability in our overall student population.

Notably, we are seeing **positive growth in Distance Education and Dual Credit enrollment**, demonstrating continued demand for flexible learning options and strong partnerships with area schools.

By campus, **Sugar Land experienced a decline for the second year in a row**, while all other campus populations remain stable.

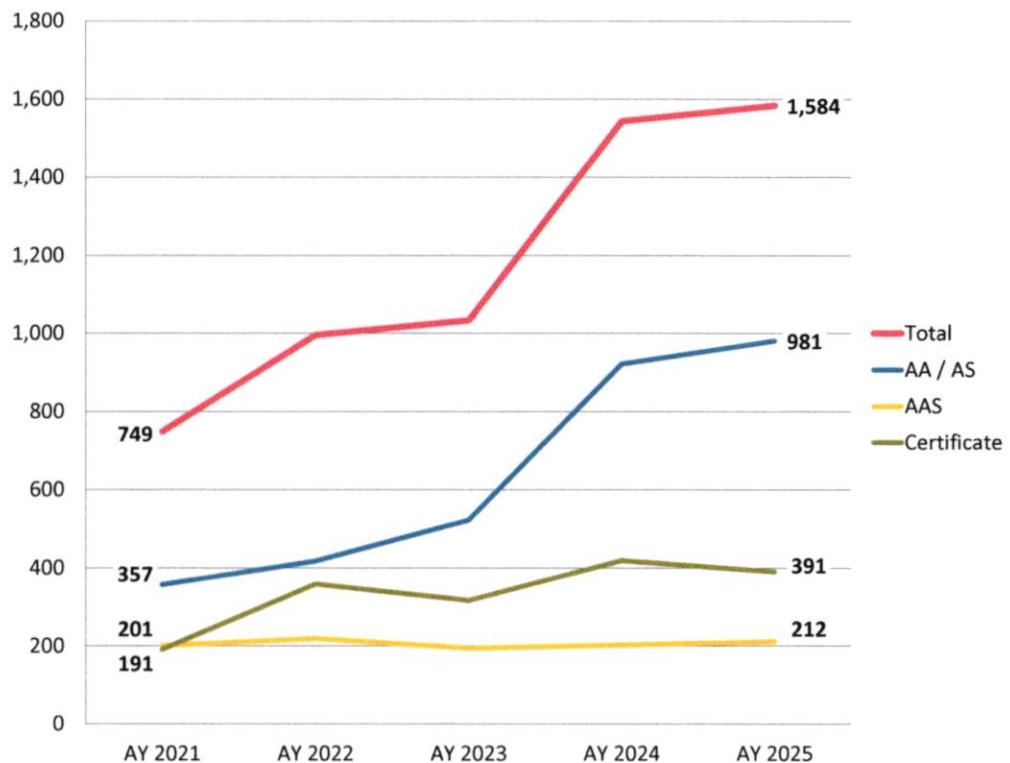

# Degrees Awarded

In November 2025, WCJC submitted our official completion data to the Texas Higher Education Coordinating Board for Academic Year 2025.

In AY 2025, WCJC awarded a total of **1,584 degrees and certificates**, including:

- 981 Associate of Arts/Science Degrees
- 212 Associate of Applied Science Degrees
- 391 Level I and Level II Certificates

Completion data for AY 2025 marks a **2.6% increase** in total credentials awarded compared to AY 2024.

# Aspen Board-CEO Collaborative

In December 2025, WCJC participated in the Aspen Board-CEO Collaborative, sponsored by the Texas Association of Community Colleges.

The Collaborative includes 10 community colleges from across the State of Texas that are committed to taking steps toward “Community College 3.0”.

## What Community College 3.0 Means

- A national shift from access alone to access + completion + post-college success
- Focuses on credentials that lead to living-wage jobs and/or bachelor's degrees
- Emphasizes student momentum and labor-market alignment

## Why This Matters for WCJC

- Aligns directly with WCJC's focus on completion with purpose and value
- Reinforces the Board's role in setting clear expectations for student success outcomes and program alignment with workforce or bachelor-attainment
- Positions WCJC to lead in statewide and national reform conversations

## Bottom Line for the Board

- CC 3.0 provides a clear framework for measuring institutional success and resource optimization beyond enrollment
- Elevates the Board's role as a strategic partner in monitoring our students' success

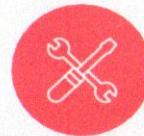

## Community College 3.0 Progression

# Upcoming Events

## Board Election Dates:

- Candidates' First Day to File: Jan 14
- Candidates' Last Day to File: Feb 13
